APPENDIX A: User Role Matrix

1. DOCUMENT CONTROL

Revision	Date	Author	Comments
1.0	July 23, 2025	Smart Nairobi Team	Initial release

2. INTRODUCTION

This User Manual provides comprehensive instructions for installing, configuring, and operating the Customer Service App and its accompanying Daemon component. The Daemon app is used to enable biller to add records automatically with NO(very minimal) interaction with the application (running in background). It is intended for all user roles: Biller, Supervisor, Directors, and Administrator.

2.1 Purpose and Scope

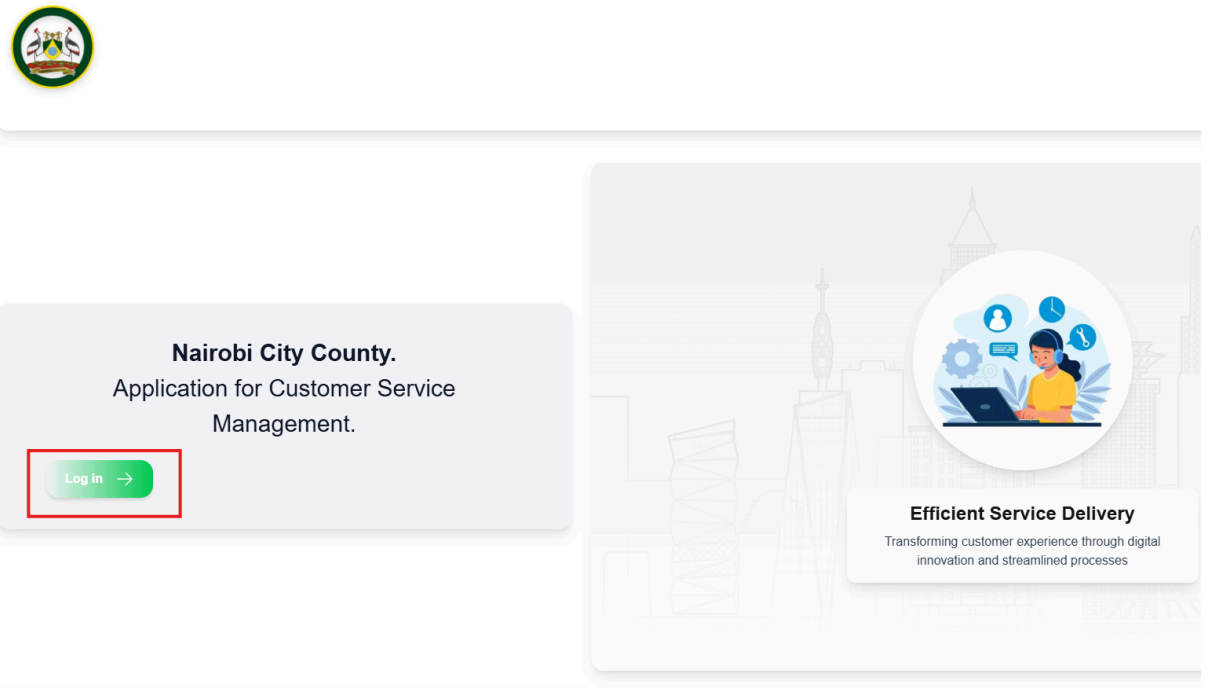

- Installation & Startup
- Authentication & Account Setup
- Role-Based Workflows
- Troubleshooting & FAQs
- Support Contacts

3. Getting Started

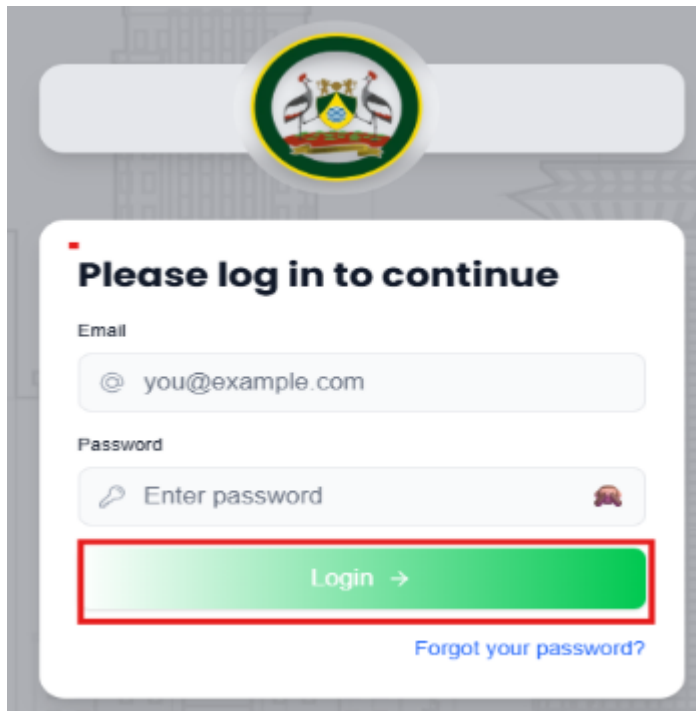

3.1 Application Launch

- Daemon: Double-click the "Customer Service Agent" icon or go to **Start/Menu → Customer Service App.**
- Web Client: Access via <http://10.100.0.226:3003/>

3.2 Authentication

1. Click **Log In** to navigate to the login page

Please log in to continue

Email

you@example.com

Password

Enter password

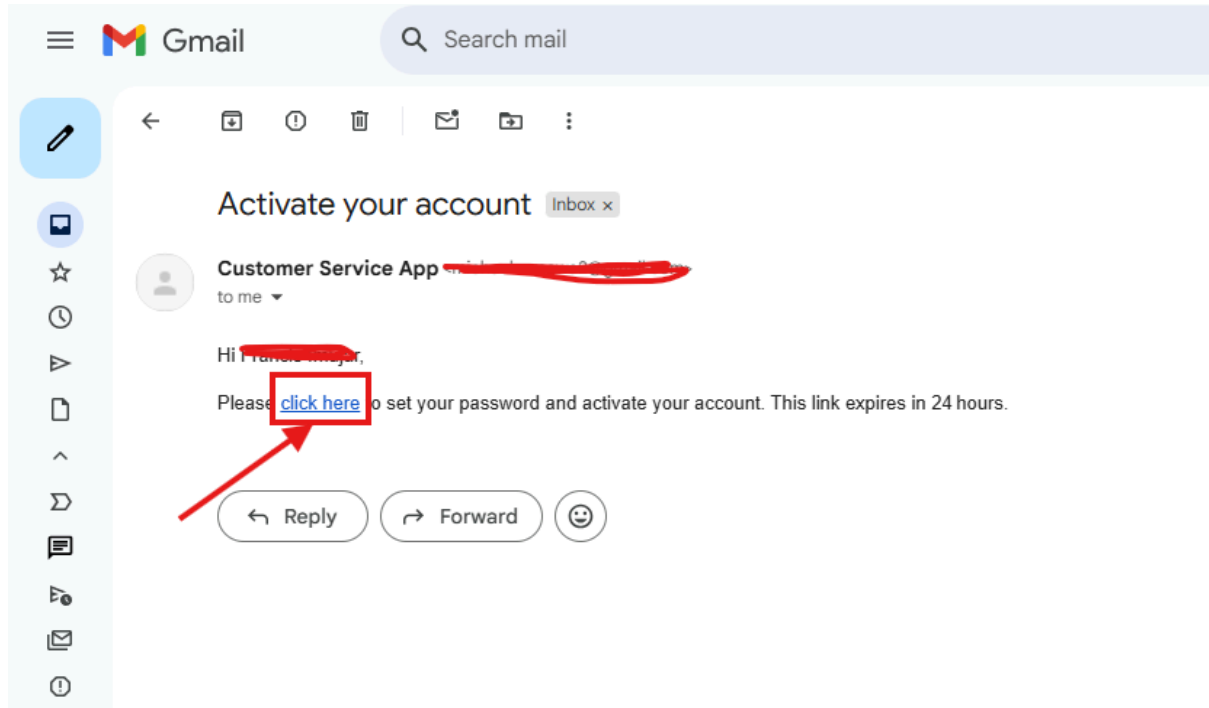

Login →

[Forgot your password?](#)

2. Enter you credential (Registered Email, password)
3. Click **Login**.
4. If having trouble logging in into your account and having an error message (Invalid credential) follow the steps below to reset your password, otherwise contact your immediate supervisor.

For first-time users:

- Contact supervisor to be registered to the system with a valid email.
- Check your email for Account activation link -> click the link -> set your password -> Login in with your credentials.

3.3 Password Management

3.3.1 Change password

- Click on **Profile** -> **Edit Profile** -> Enter password and confirm password (See Profile management section)

3.3.2 Password Recovery

1. Click Forget your password?

Please log in to continue

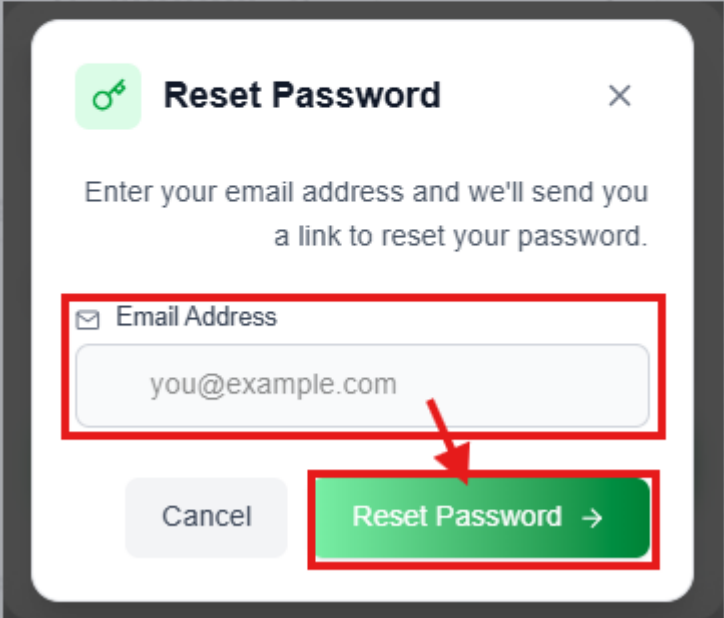

Email

Password

Login →

[Forgot your password?](#)

2. Enter your valid email and click reset.

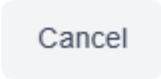

The image shows a 'Reset Password' dialog box with a green key icon and a close button. It contains an instruction to enter an email address. A red box highlights the email input field containing 'you@example.com' and the 'Reset Password' button, with a red arrow pointing from the input field to the button.

 **Reset Password** 

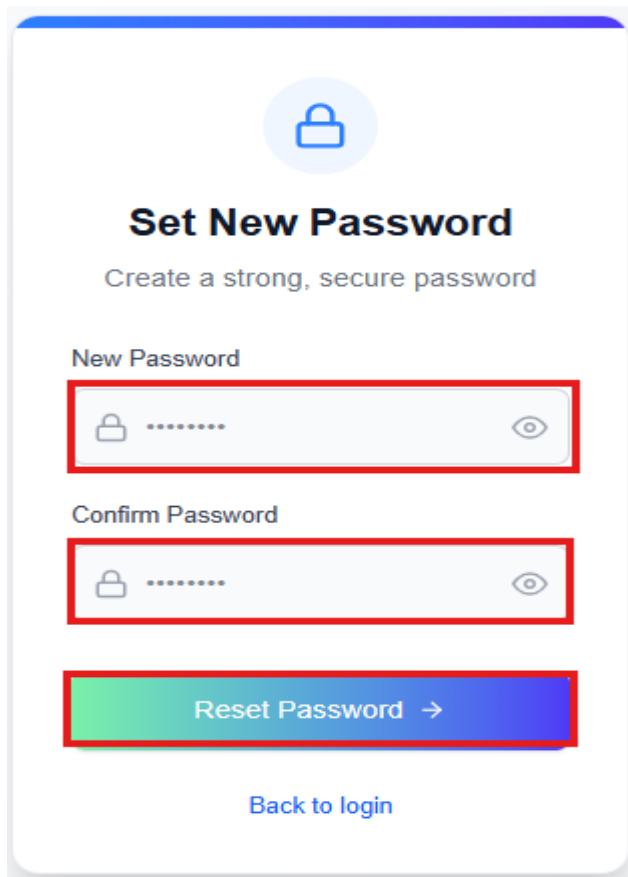

Enter your email address and we'll send you a link to reset your password.

 Email Address

you@example.com

3. A link will be sent to you email to be used to reset your password (If cannot be found in your inbox, look in you spams)
4. Click the link
5. Enter your new password and confirm your password (exactly as your new password) and click Reset Password.

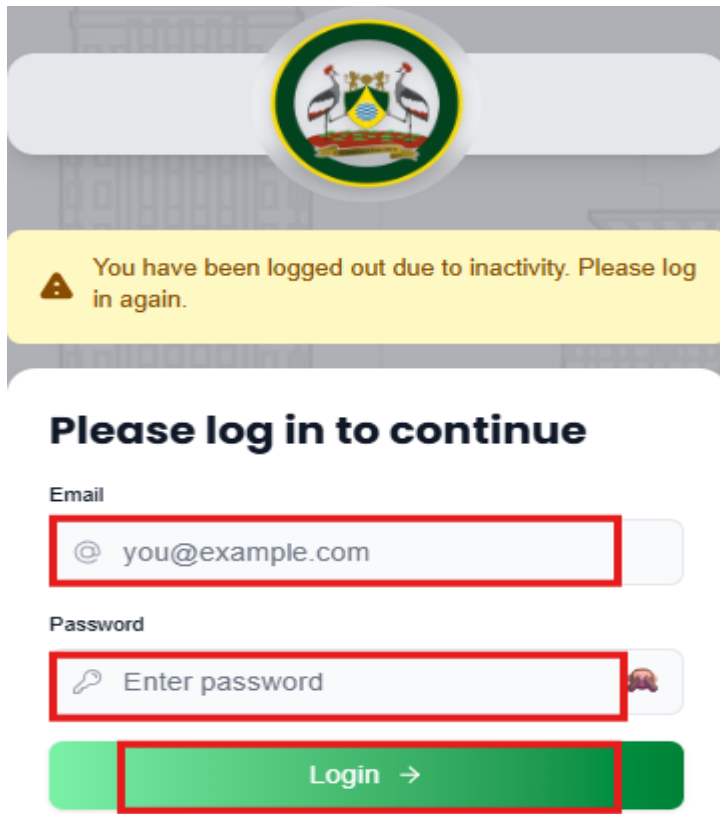

The image shows a mobile app interface for setting a new password. At the top, there is a blue padlock icon inside a light blue circle. Below this is the title "Set New Password" in bold black text, followed by the subtitle "Create a strong, secure password" in a smaller, lighter blue font. The form consists of two input fields: "New Password" and "Confirm Password". Each field has a red rectangular border, a lock icon on the left, a series of dots for the password, and an eye icon on the right to toggle visibility. Below the input fields is a green button with a blue gradient and the text "Reset Password →". At the bottom, there is a blue link that says "Back to login".

You will be redirected to the login page, enter your credentials (new password) and click login.

3.5 Session Security

Users are logged out after 15 minutes of inactivity; re-authenticate by entering credentials.

- 1) Reenter your login credentials (Email, password).

 You have been logged out due to inactivity. Please log in again.

Please log in to continue

Email

 you@example.com

Password

 Enter password 

Login →

2) Click **Login**

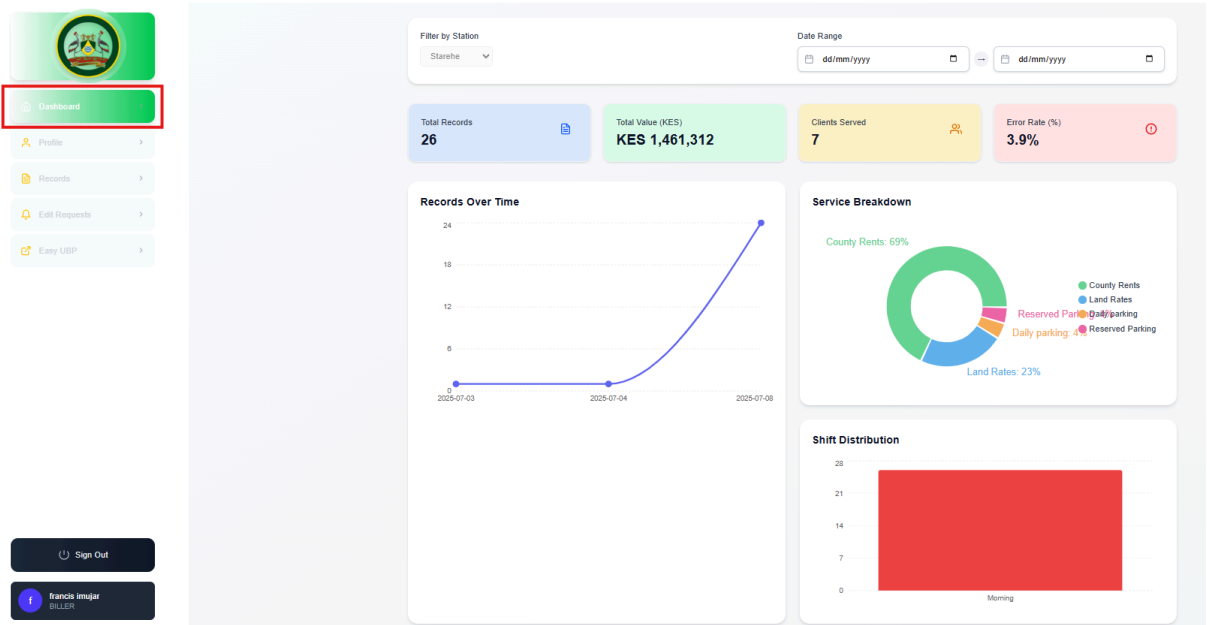

Note: Manual logout recommended when leaving station

4. General Features (All Roles)

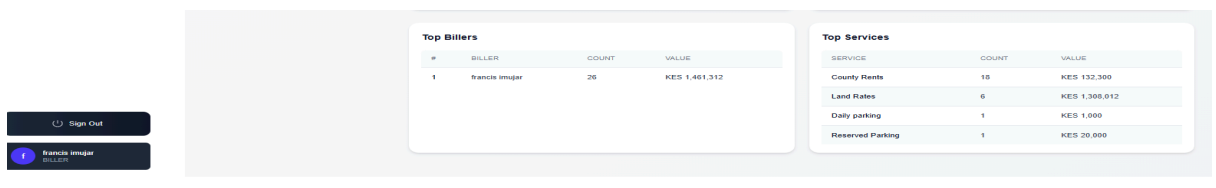

4.1 Dashboard

Contains information of the records. For billers it will contain only the user generated records.

1) Click **Dashboard** at the side bar or the Logo

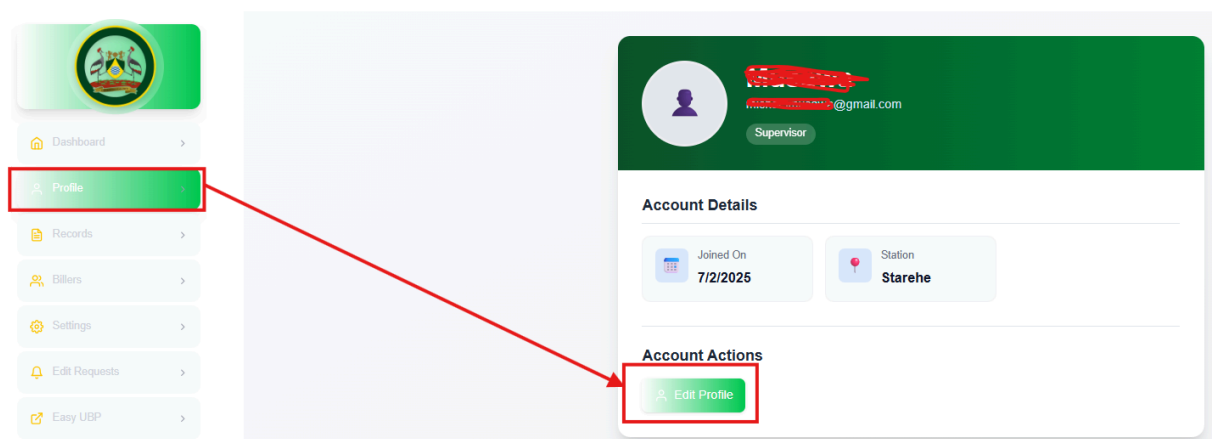

- 2) Records analysis can be filtered by date
- 3) Side bar contains your navigations (the navigation links depend with the user role)
- 4) Logout: Click on the Logout button

4.2 Profile Management

1. Click your avatar at bottom-left or click on Profile at the sidebar.

2. To update your profile, click on Edit Profile under Account Actions.

The image shows a modal window titled "Edit Profile" with a close button (X) in the top right corner. Below the title is the subtitle "Update your account information". The form contains four main sections, each with a red rectangular highlight around its input area:

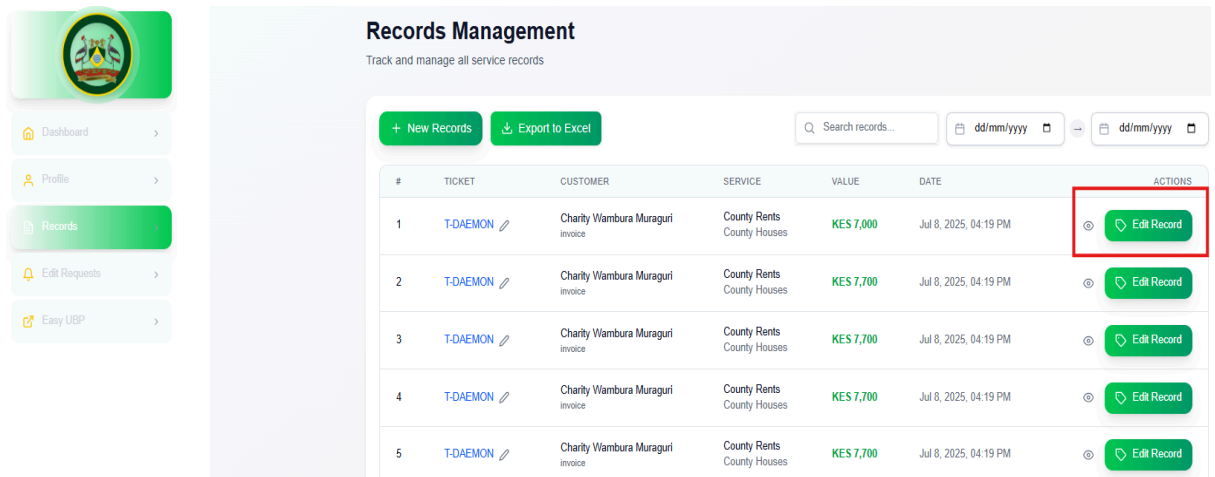

- Avatar:** A circular placeholder with a minus sign and the text "Choose File No file chosen".
- Full Name:** A text input field containing "John Doe".
- New Password:** A text input field containing "Leave blank to keep current" and a toggle icon (an eye in a circle) on the right.
- Confirm Password:** A text input field containing "Re-enter new password" and a toggle icon (an eye in a circle) on the right.

At the bottom of the modal are two buttons: a grey "Cancel" button and a green "Update Profile →" button.

3. Update the information as needed (choose an image for your Profile, edit your full name, reset your password - enter new password and confirm password or leave those fields blank to keep your current password).
4. Click Update Profile to save changes, click cancel to return to your profile page without saving changes.

4.3 Records Management

1. Click Records on the side bar; you will navigate to the records page.

5.1 Adding Records Manually

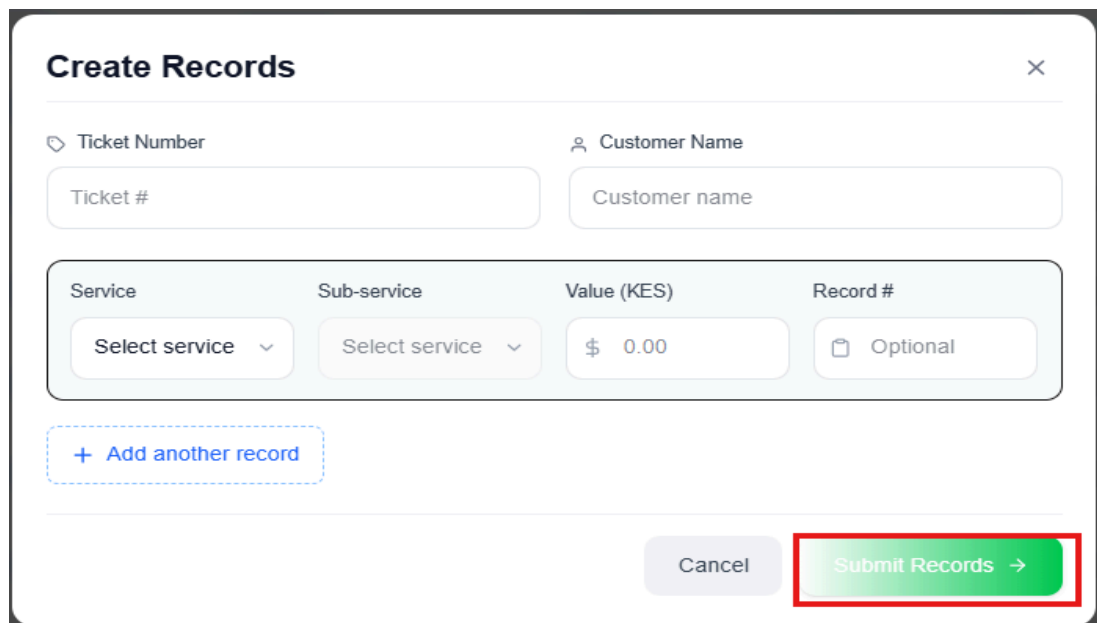

1. Navigate to **Records** → **Add Record**.

The screenshot shows the 'Records Management' interface. On the left sidebar, the 'Records' menu item is highlighted with a red box. In the top bar, the '+ New Records' button is also highlighted with a red box. The main content area displays a table of records with columns: #, TICKET, CUSTOMER, SERVICE, VALUE, DATE, and ACTIONS. The table contains 8 records, all with a value of KES 7,000 and a date of Jul 8, 2025, 04:19 PM. Each record has an 'Edit Record' button in the ACTIONS column.

#	TICKET	CUSTOMER	SERVICE	VALUE	DATE	ACTIONS
1	T-DAEMON	Charity Wambura Muraguri invoice	County Rents County Houses	KES 7,000	Jul 8, 2025, 04:19 PM	Edit Record

8	T-DAEMON	Charity Wambura Muraguri invoice	County Rents County Houses	KES 7,700	Jul 8, 2025, 04:19 PM	Edit Record

2. Complete all required fields (e.g., Ticket Number, Customer Name, Service, Sub-service, Amount, Record Number).

The screenshot shows the 'Create Records' form. It has a title bar with a close button. Below the title bar, there are two input fields: 'Ticket Number' and 'Customer Name'. Below these, there are four input fields: 'Service' (with a dropdown menu), 'Sub-service' (with a dropdown menu), 'Value (KES)' (with a currency symbol and a value of 0.00), and 'Record #' (with a dropdown menu). Below these fields, there is a button labeled '+ Add another record'. At the bottom right, there are two buttons: 'Cancel' and 'Submit Records' (with a right arrow). The 'Submit Records' button is highlighted with a red box.

For customers with multiple records click Add another record. Another set of record fields will appear. Click the minus icon “-” to remove the fields.

2. Update the Station name

3. Click on **Save Changes** to update

Delete Stations

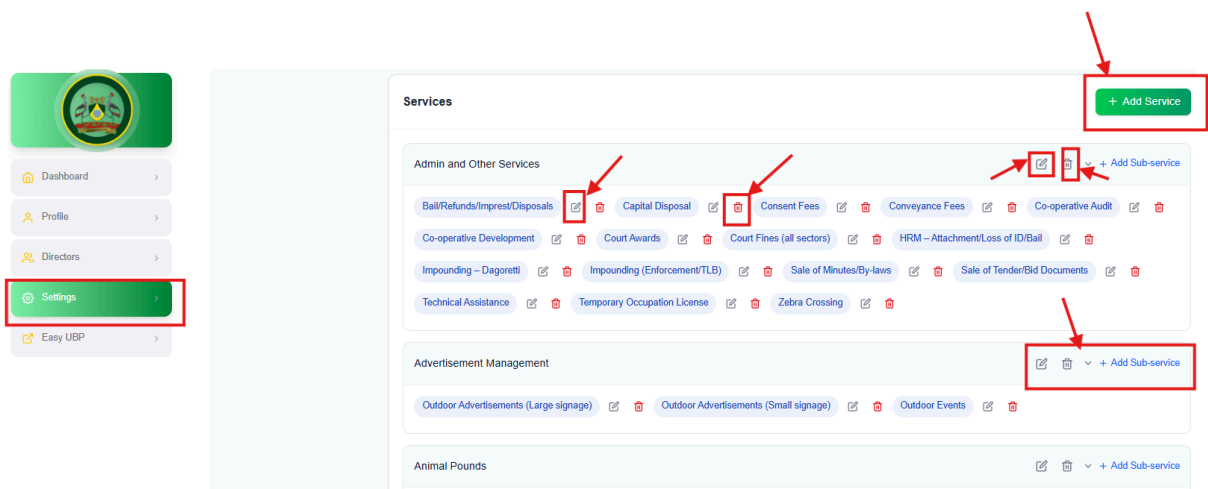

1. Click on delete icon on a specific station

2. On the confirmation modal, click **Delete** to delete the specific Station (Only unused Station will allowed to be deleted)

8.8 View, create, update & delete services and subservices

1. Click on **Settings**

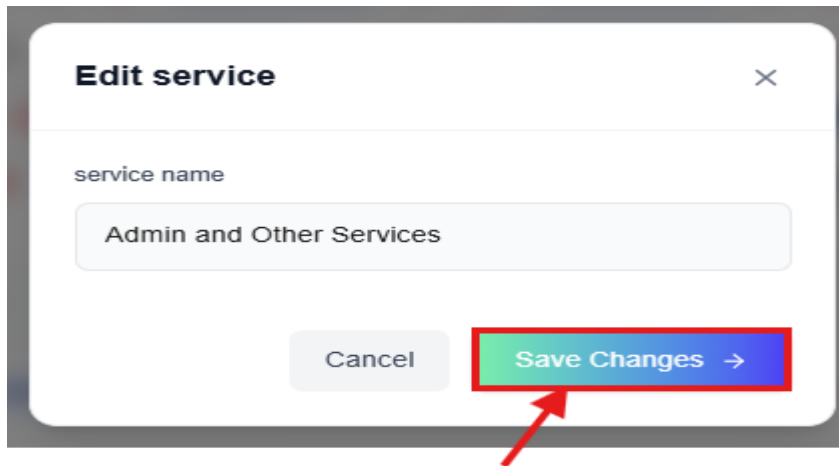

Add service and subservice

1. Click on **Add service**
2. Enter the name of Service and Subservice
3. Click **Add another subservice** to add more subservices to a service

4. Click **Add** to save the changes

Edit services and subservices

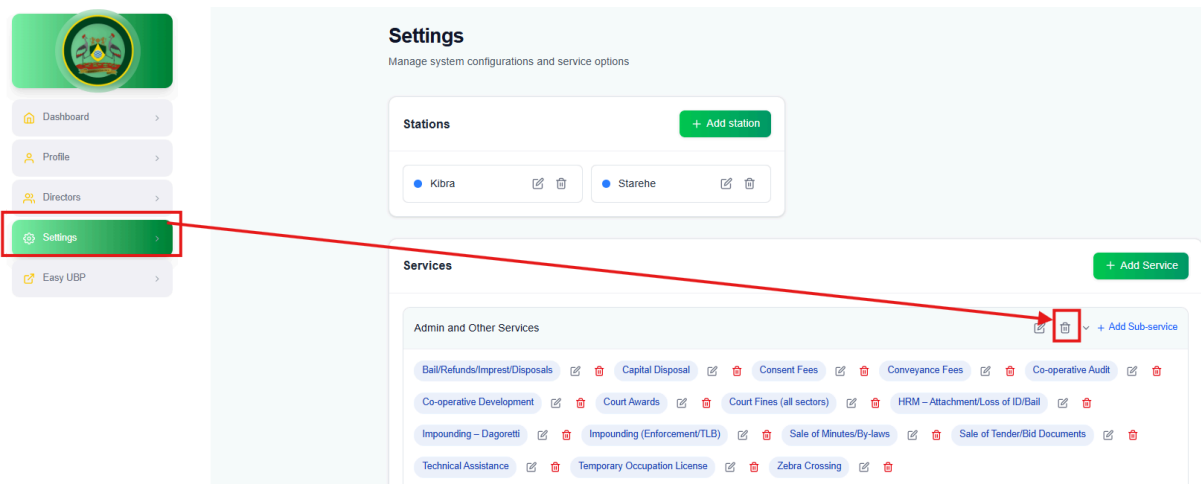

1. Click on the edit icon on either a service to edit the service or on a subservice to edit the subservice.

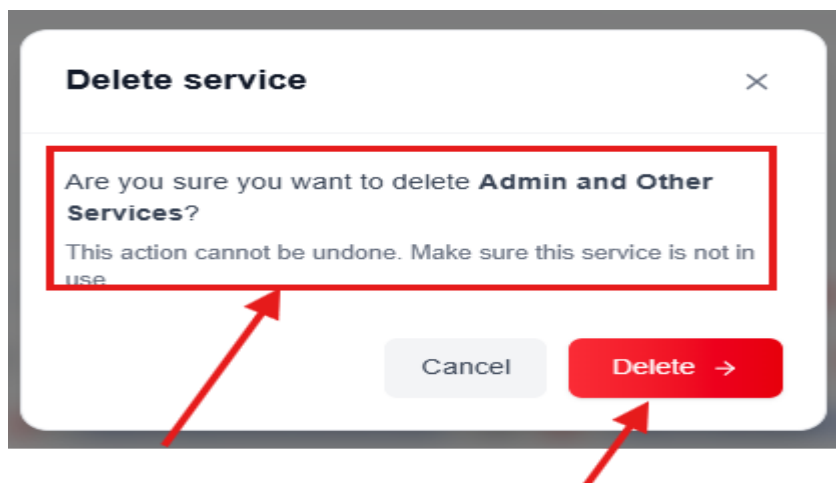

2. Update the name and click **Save**

Delete Services and SubService

1. Click on the delete icon on a specific service or subservice
2. On the confirmation modal click Delete to effect

N/B: This action can not be reversed.

9. Data Governance

Administrators maintain system integrity through comprehensive data oversight capabilities:

- **Records retention policies**

1. Monthly system review of eligible records
2. Secure encryption before archival
3. Read-only access to archived records

10. Troubleshooting & FAQs

PROBLEM	SOLUTION
"Invalid Credentials" error	1. Reset password 2. Contact supervisor
Edit requests not appearing	1. Check approval queue status 2. Verify supervisor assignment
Daemon processing failures	1. Verify API key validity 2. Check invoice file format
Export file corruption	1. Disable Excel preview 2. Retry with CSV format

Q1: How do I reset my password?

A1: Click **Forgot Password?** on the login page, enter your email, and follow the reset link.

Q2: My export file fails to open.

A2: Ensure no other application is locking the file; retry after closing all instances of Excel.

Q3: I do not see a menu item I expect.

A3: Verify your role; contact your Director or Administrator for permission adjustments.

2. INTRODUCTION

This User Manual provides comprehensive instructions for installing, configuring, and operating the Customer Service App and its accompanying Daemon component. The Daemon app is used to enable adding records automatically with NO(very minimal) interaction with the application (running in background).

2.1 Purpose and Scope

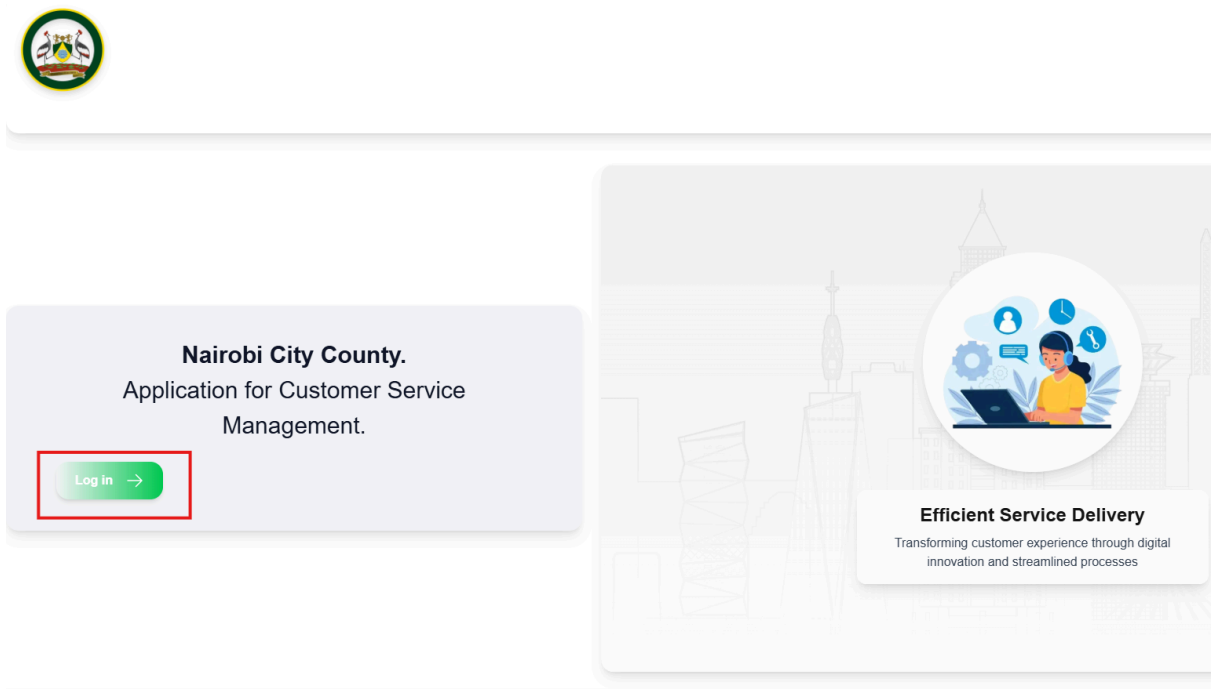

- Installation & Startup
- Authentication & Account Setup
- System operations
- Troubleshooting & FAQs
- Support Contacts

3. Getting Started

3.1 Application Launch

- Daemon: Double-click the "Customer Service Agent" icon or go to **Start/Menu → Customer Service App.**
- Web Client: Access via <http://10.100.0.226:3003/>

3.2 Authentication

5. Click **Log In** to navigate to the login page

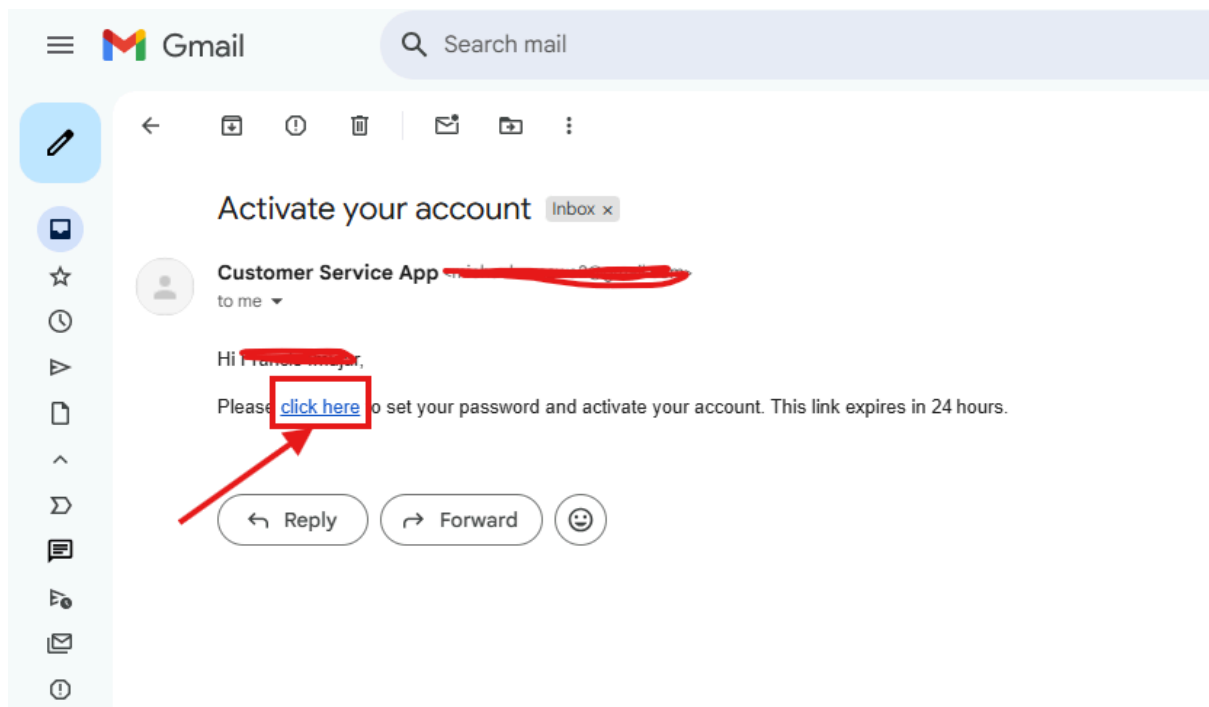

This screenshot shows the login form titled "Please log in to continue". At the top is the Nairobi City County logo. The form has two input fields: "Email" with the placeholder text "you@example.com" and "Password" with the placeholder text "Enter password". A key icon is visible next to the password field. Below the password field, a green "Login" button with a right-pointing arrow is highlighted with a red rectangular border. At the bottom right of the form, there is a blue link that says "Forgot your password?".

6. Enter you credential (Registered Email, password)
7. Click **Login**.

8. If having trouble logging in into your account and having an error message (Invalid credential) follow the steps below to reset your password, otherwise contact your immediate supervisor.

For first-time users:

- Contact supervisor to be registered to the system with a valid email.
- Check your email for Account activation link -> click the link -> set your password -> Login in with your credentials.

3.3 Password Management

3.3.1 Change password

- Click on **Profile -> Edit Profile -> Enter password and confirm password** (See Profile management section)

3.3.2 Password Recovery

6. Click Forget your password?

[Forgot your password?](#)

7. Enter your valid email and click reset.

The image shows a 'Reset Password' dialog box. At the top, there is a circular logo with a green border and a yellow center, featuring a crest with two birds and a shield. Below the logo, the dialog box has a title bar with a green key icon and the text 'Reset Password' and a close button (X). The main text inside the dialog box says 'Enter your email address and we'll send you a link to reset your password.' Below this text is a text input field with a red border, containing the placeholder text 'you@example.com'. To the left of the input field is a small envelope icon and the label 'Email Address'. Below the input field are two buttons: a grey 'Cancel' button and a green 'Reset Password →' button. A red arrow points from the input field to the 'Reset Password' button.

Reset Password ×

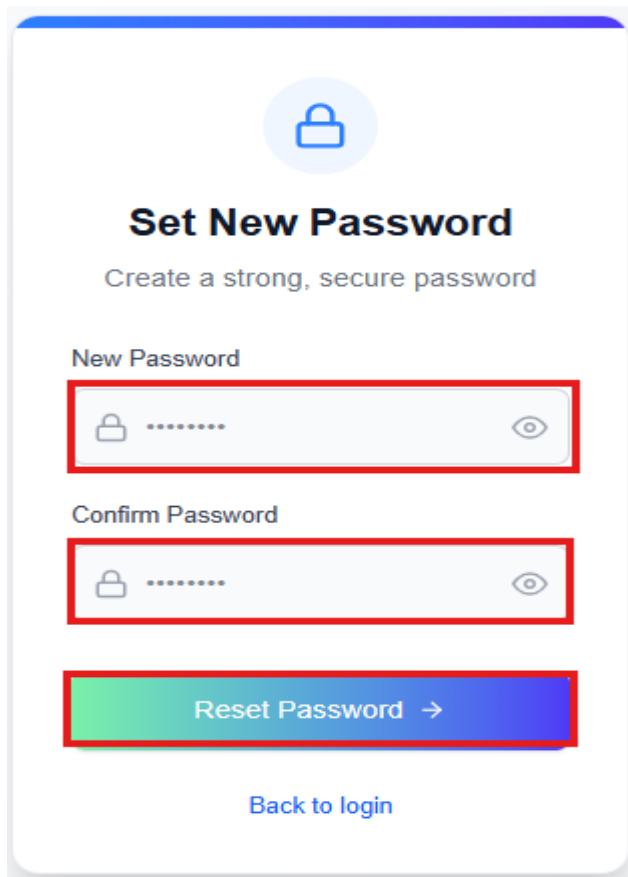

Enter your email address and we'll send you a link to reset your password.

✉ Email Address

you@example.com

Cancel Reset Password →

8. A link will be sent to you email to be used to reset your password (If cannot be found in your inbox, look in you spams)
9. Click the link
10. Enter your new password and confirm your password (exactly as your new password) and click Reset Password.

The image shows a mobile app interface for setting a new password. At the top, there is a blue padlock icon inside a light blue circle. Below this is the title "Set New Password" in bold black text, followed by the subtitle "Create a strong, secure password" in a smaller, lighter blue font. The form consists of two input fields: "New Password" and "Confirm Password". Each field has a red border and contains a lock icon, a series of dots for the password, and an eye icon for toggling visibility. Below the input fields is a green button with a blue gradient and the text "Reset Password →". At the bottom, there is a blue link that says "Back to login".

4) Click login

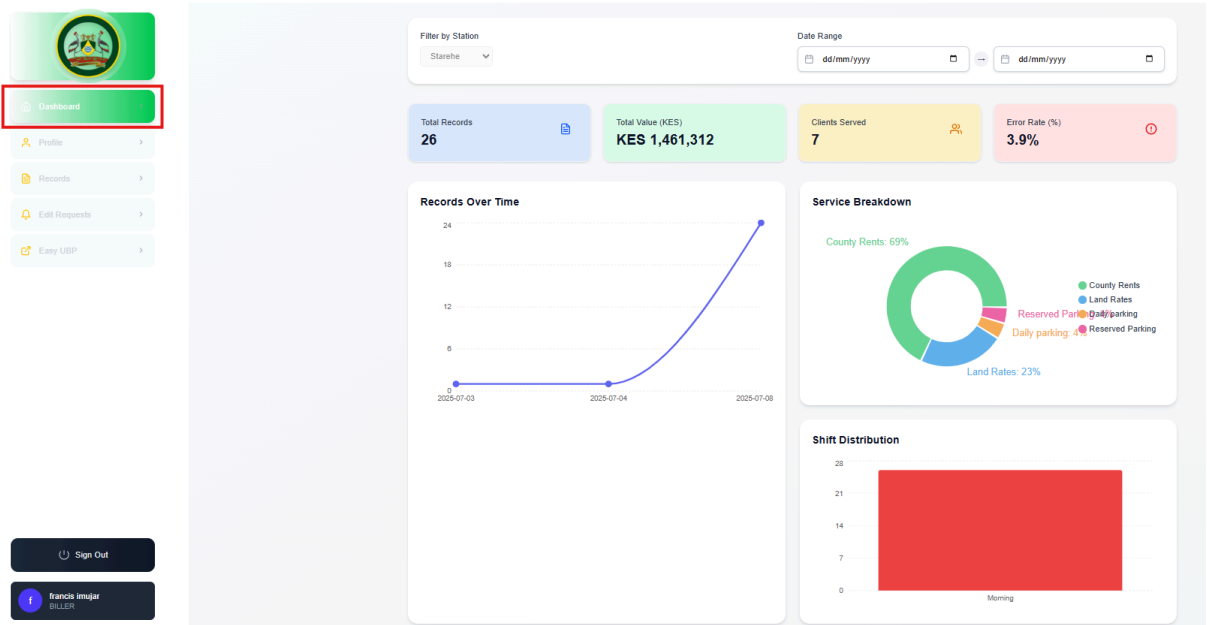

Note: Manual logout recommended when leaving station

4. General Features

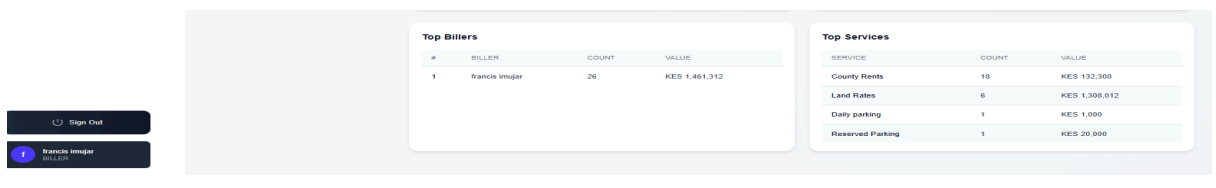

4.1 Dashboard

Contain user generated records.

5) Click **Dashboard** at the side bar or the Logo

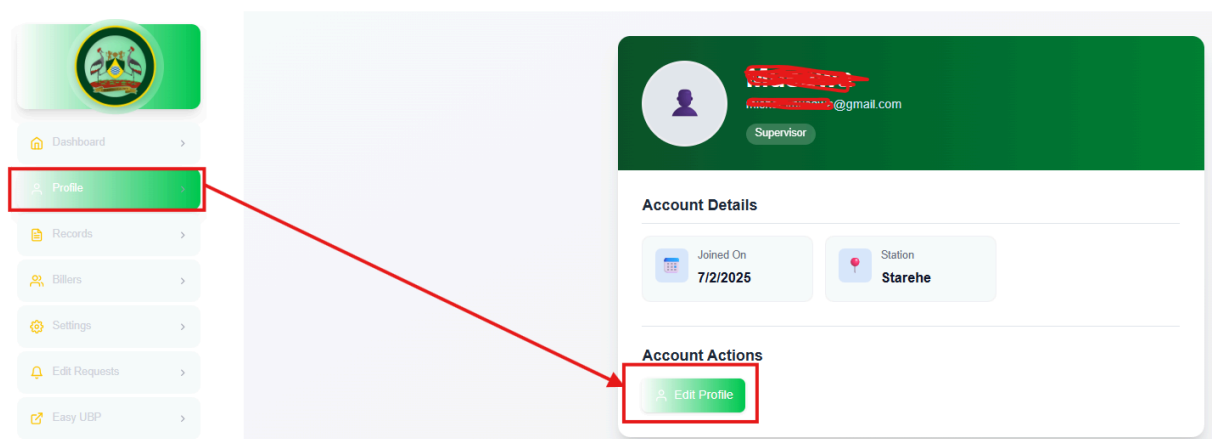

- 6) Records analysis can be filtered by date
- 7) Side bar contains your navigations (the navigation links depend with the user role)
- 8) Logout: Click on the **Logout** button

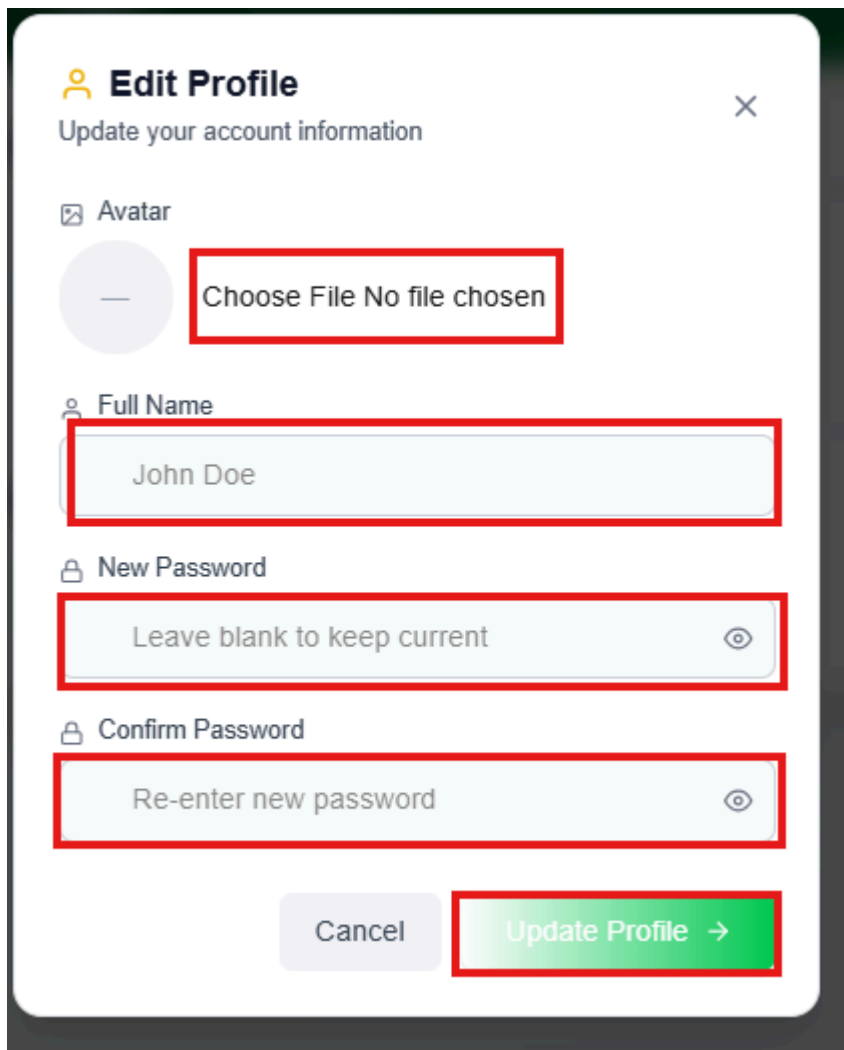

4.2 Profile Management

5. Click your profile pic at bottom-left or click on **Profile** at the sidebar.

6. To update your profile, click on **Edit Profile** under Account Actions.

The image shows a modal dialog box titled "Edit Profile" with a close button (X) in the top right corner. Below the title is the subtitle "Update your account information". The dialog contains four main sections, each with a red rectangular highlight around its input area:

- Avatar:** A circular placeholder with a minus sign and a text box containing "Choose File No file chosen".
- Full Name:** A text input field containing "John Doe".
- New Password:** A text input field containing "Leave blank to keep current" with a toggle icon on the right.
- Confirm Password:** A text input field containing "Re-enter new password" with a toggle icon on the right.

At the bottom of the dialog are two buttons: a grey "Cancel" button and a green "Update Profile →" button.

7. Update the information as needed (choose an image for your Profile, edit your full name, reset your password - enter new password and confirm password or leave those fields blank to keep your current password).
8. Click Update Profile to save changes, click cancel to return to your profile page without saving changes.

4.3 Records Management

5. Click **Records** on the side bar; you will navigate to the records page.

3. Click on **Easy UBP** on the sidebar

4. You will be redirected to the EasyUbp website

5. System Operations

5.1 Adding Records Manually

4. Navigate to **Records** → **Add Record**.

The screenshot shows the 'Records Management' interface. On the left sidebar, the 'Records' menu item is highlighted with a red box. A red arrow points from this menu item to the '+ New Records' button in the top right corner of the main content area. The main content area displays a table of records with columns: #, TICKET, CUSTOMER, SERVICE, VALUE, DATE, and ACTIONS. The table contains 8 records, all with a value of KES 7,700 and a date of Jul 8, 2025, 04:19 PM. Each record has an 'Edit Record' button in the ACTIONS column.

5. Complete all required fields (e.g., Ticket Number, Customer Name, Service, Sub-service, Amount, Record Number).

The screenshot shows the 'Create Records' form. It has a title bar with a close button (X). The form contains the following fields:

- Ticket Number:** A text input field with a placeholder 'Ticket #'.
- Customer Name:** A text input field with a placeholder 'Customer name'.
- Service:** A dropdown menu with the text 'Select service'.
- Sub-service:** A dropdown menu with the text 'Select service'.
- Value (KES):** A text input field with a placeholder '\$ 0.00'.
- Record #:** A text input field with a placeholder 'Optional'.

Below these fields is a button labeled '+ Add another record'. At the bottom right of the form are two buttons: 'Cancel' and 'Submit Records →'. The 'Submit Records →' button is highlighted with a red box.

For customers with multiple records click **Add another record**. Another set of record fields will appear. Click the minus icon “-” to remove the fields.

2. INTRODUCTION

This User Manual provides comprehensive instructions for installing, configuring, and operating the Customer Service App. It is intended for all users with a supervisor role.

2.1 Purpose and Scope

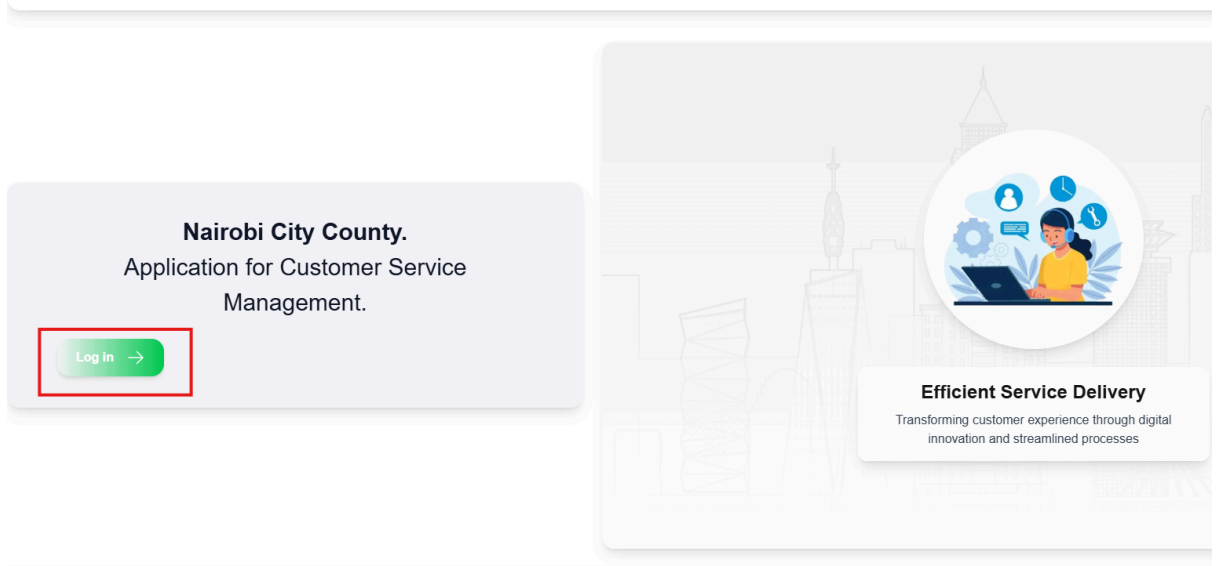

- Installation & Startup
- Authentication & Account Setup
- System Workflows
- Troubleshooting & FAQs
- Support Contacts

3. Getting Started

3.1 Application Launch

- Daemon: Double-click the "Customer Service Agent" icon or go to **Start/Menu → Customer Service App**.
- Web Client: Access via <http://10.100.0.226:3003/>

3.2 Authentication

9. Click **Log In** to navigate to the login page

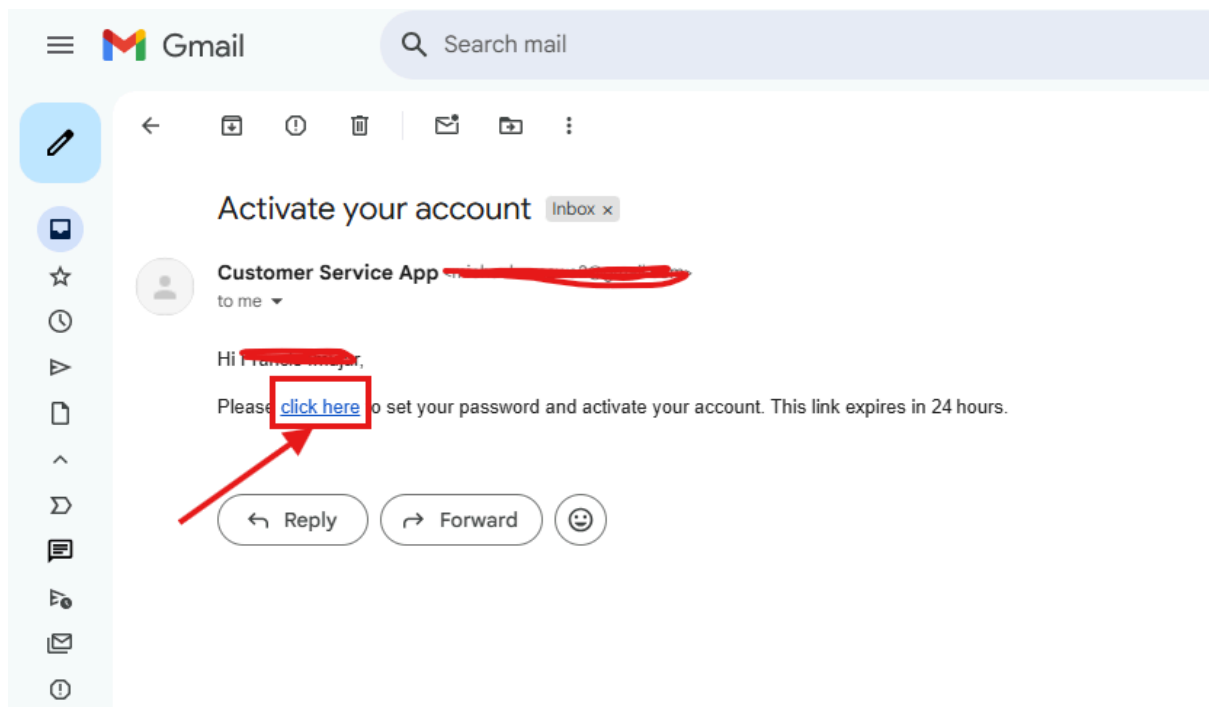

The login page for the Nairobi City County Application for Customer Service Management. It features a light blue header with the county logo. The main content area has a light blue background with a city skyline illustration. On the left, a white box contains the text "Please log in to continue". Below this, there are two input fields: "Email" with the placeholder "you@example.com" and "Password" with the placeholder "Enter password". A green "Login →" button is highlighted with a red rectangle. Below the button, there is a link "Forgot your password?".

10. Enter you credential (Registered Email, password)
11. Click **Login**.

12. If having trouble logging in into your account and having an error message (Invalid credential) follow the steps below to reset your password, otherwise contact your immediate supervisor.

For first-time users:

- Contact your director to be registered to the system with a valid email.
- Check your email for Account activation link -> click the link -> set your password -> Login in with your credentials.

3.3 Password Management

3.3.1 Change password

- Click on **Profile -> Edit Profile ->** Enter password and confirm password (See Profile management section)

3.3.2 Password Recovery

11. Click Forget your password?

Please log in to continue

8) Click login

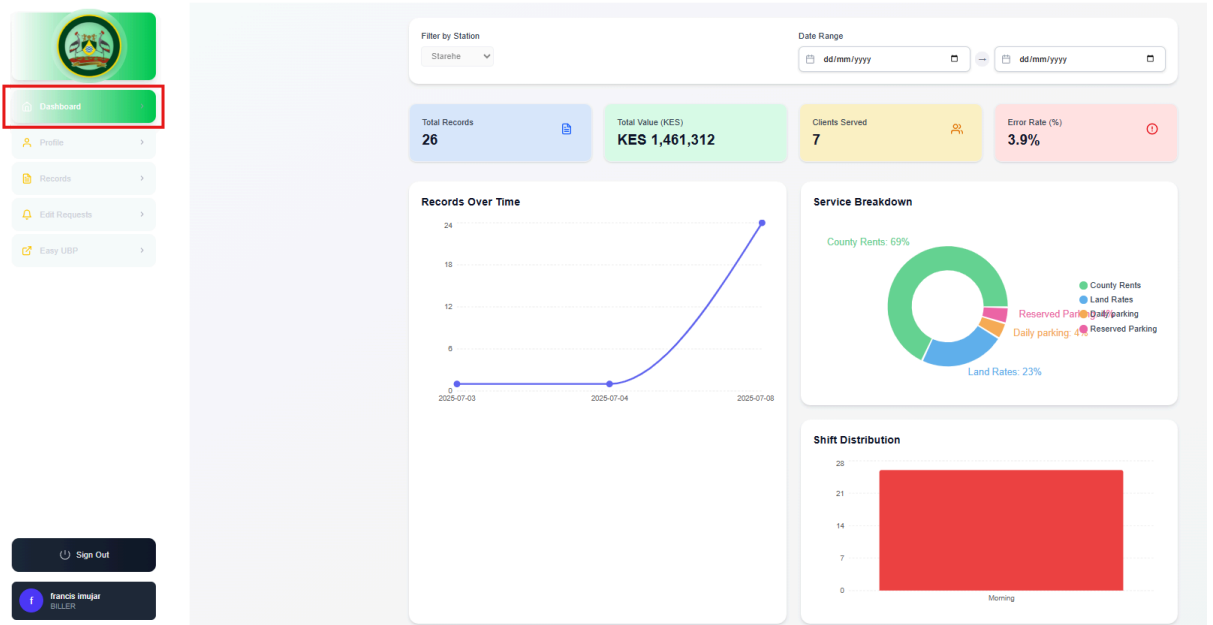

Note: Manual logout recommended when leaving station

4. General Features

4.1 Dashboard

Contains information on the records. For billers it will contain only the user generated records.

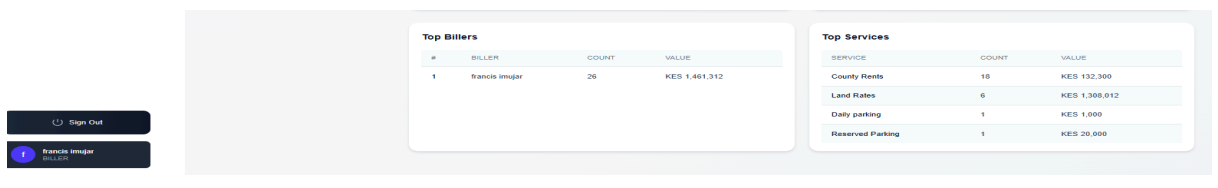

12) Click **Dashboard** at the side bar or the Logo

13) Records analysis can be filtered by date

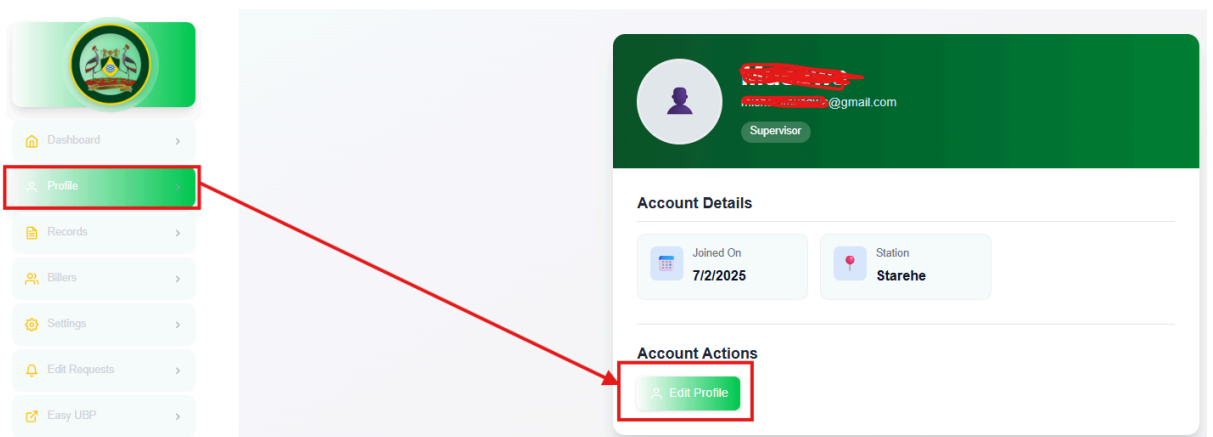

14) Side bar contains your navigations (the navigation links depend with the user role)

15) Logout: Click on the Logout button

4.2 Profile Management

13. Click your profile pic at bottom-left or click on Profile at the sidebar.

14. To update your profile, click on Edit Profile under Account Actions.

The image shows a modal window titled "Edit Profile" with a close button (X) in the top right corner. Below the title is the subtitle "Update your account information". The form contains several fields, each highlighted with a red rectangular border:

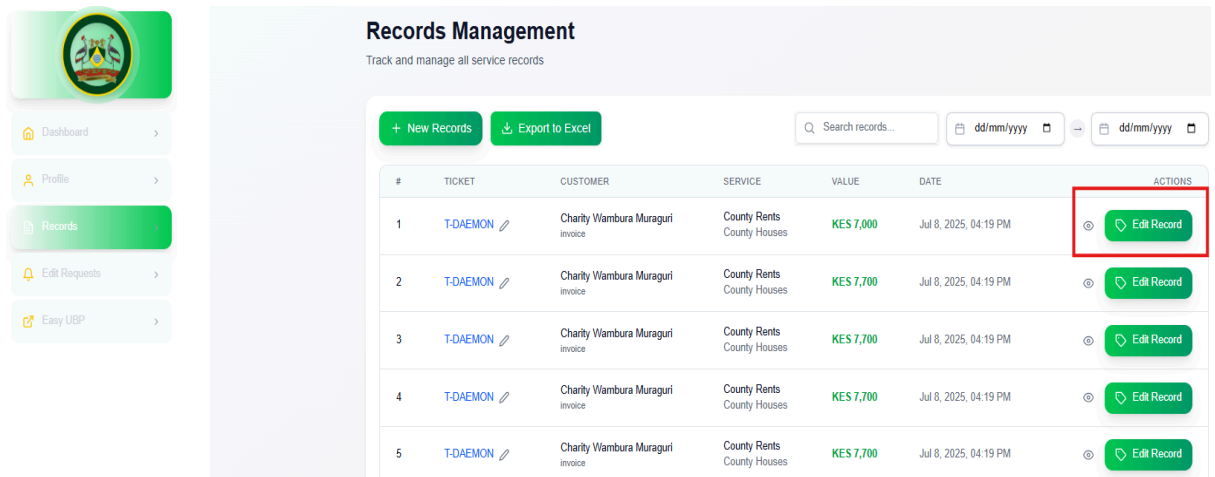

- Avatar:** A circular placeholder with a minus sign and the text "Choose File No file chosen".
- Full Name:** A text input field containing "John Doe".
- New Password:** A text input field containing "Leave blank to keep current" and a toggle icon (an eye) on the right.
- Confirm Password:** A text input field containing "Re-enter new password" and a toggle icon (an eye) on the right.

At the bottom of the modal, there are two buttons: a light gray "Cancel" button and a green "Update Profile →" button.

15. Update the information as needed (choose an image for your Avatar, edit your full name, reset your password - enter new password and confirm password or leave those fields blank to keep your current password).
16. Click Update Profile to save changes, click cancel to return to your profile page without saving changes.

4.3 Records Management

13. Click Records on the side bar; you will navigate to the records page.

APPENDIX A: User Role Matrix

1. DOCUMENT CONTROL

Revision	Date	Author	Comments
1.0	July 23, 2025	Smart Nairobi Team	Initial release

2. INTRODUCTION

This User Manual provides comprehensive instructions for installing, configuring, and operating the Customer Service App. It is intended for users with administrator role.

2.1 Purpose and Scope

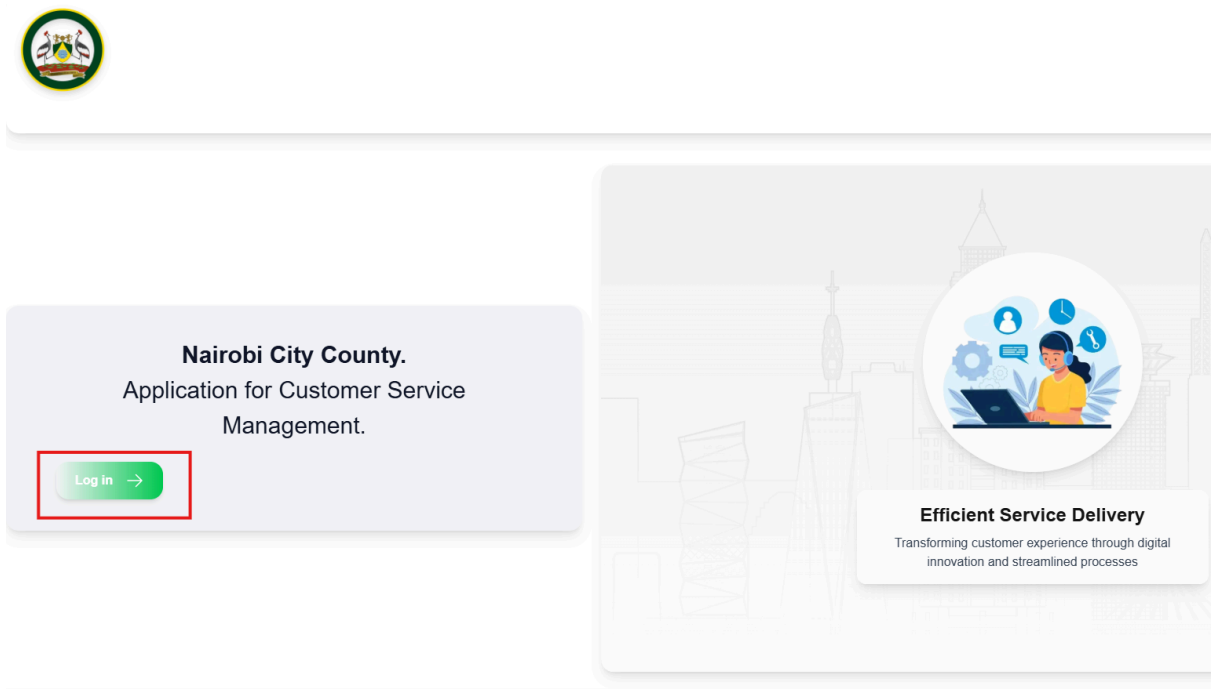

- Installation & Startup
- Authentication & Account Setup
- Role-Based Workflows
- Troubleshooting & FAQs
- Support Contacts

3. Getting Started

3.1 Application Launch

- Daemon: Double-click the "Customer Service Agent" icon or go to **Start/Menu → Customer Service App**.
- Web Client: Access via <http://10.100.0.226:3003/>

3.2 Authentication

17. Click **Log In** to navigate to the login page

The image shows a login form on a gray background. At the top, there is a circular logo of Nairobi City County. Below it, a white box contains the text "Please log in to continue". There are two input fields: "Email" with the placeholder "you@example.com" and "Password" with the placeholder "Enter password". A green "Login →" button is at the bottom of the form, highlighted with a red rectangular border. Below the button, there is a link that says "Forgot your password?".

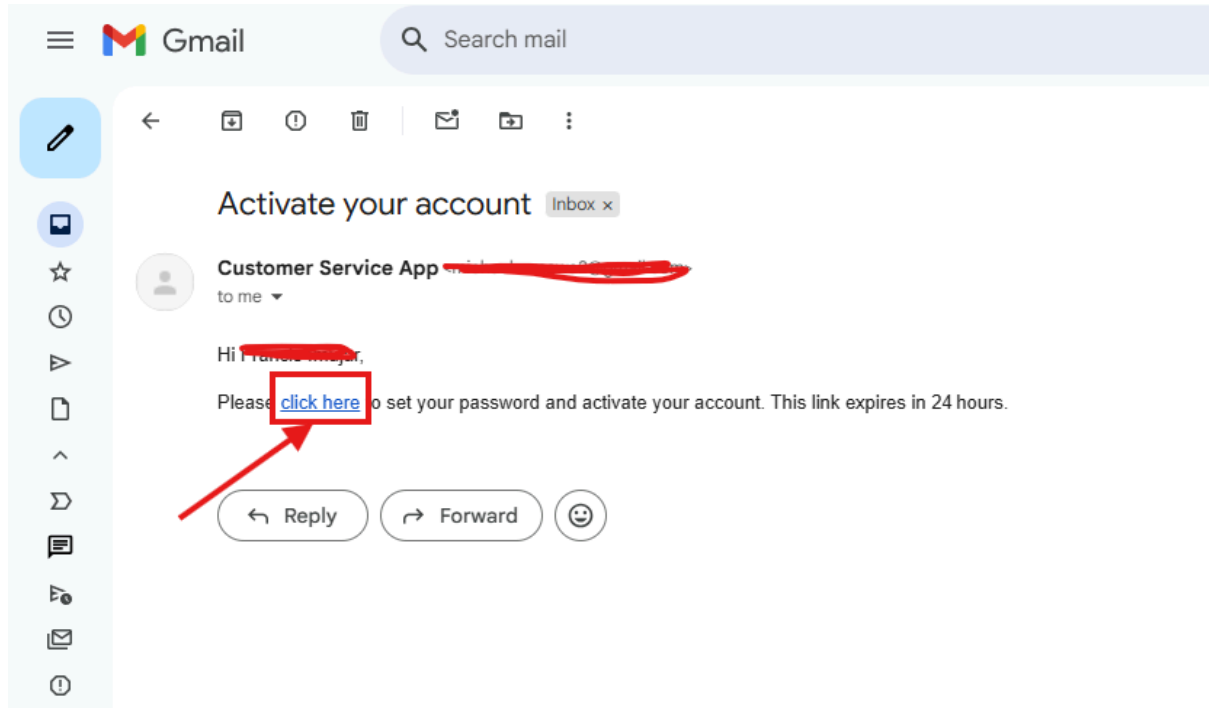

18. Enter you credential (Registered Email, password)

19. Click **Login**.

20. If having trouble logging in into your account and having an error message (Invalid credential) follow the steps below to reset your password.

For first-time users:

- Contact the Smart Nairobi team to be registered to the system with a valid email.
- Check your email for Account activation link -> click the link -> set your password -> Login in with your credentials.

3.3 Password Management

3.3.1 Change password

- Click on **Profile** -> **Edit Profile** -> Enter password and confirm password (See Profile management section)

3.3.2 Password Recovery

21. Click **Forget your password?**

Please log in to continue

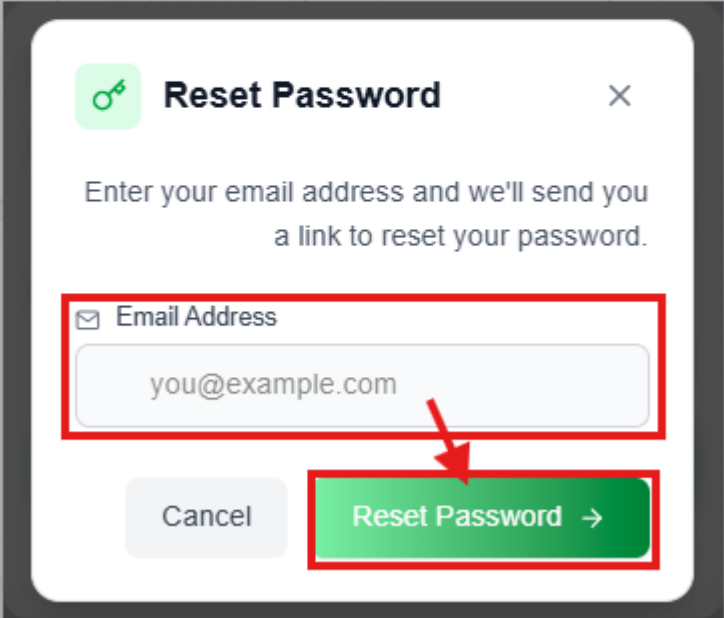

Email

Password

Login →

[Forgot your password?](#)

22. Enter your valid email and click reset.

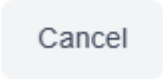

The image shows a 'Reset Password' dialog box with a green key icon and a close button. It contains an instruction to enter an email address. A red box highlights the email input field containing 'you@example.com' and the 'Reset Password' button, with a red arrow pointing from the input field to the button.

 **Reset Password** 

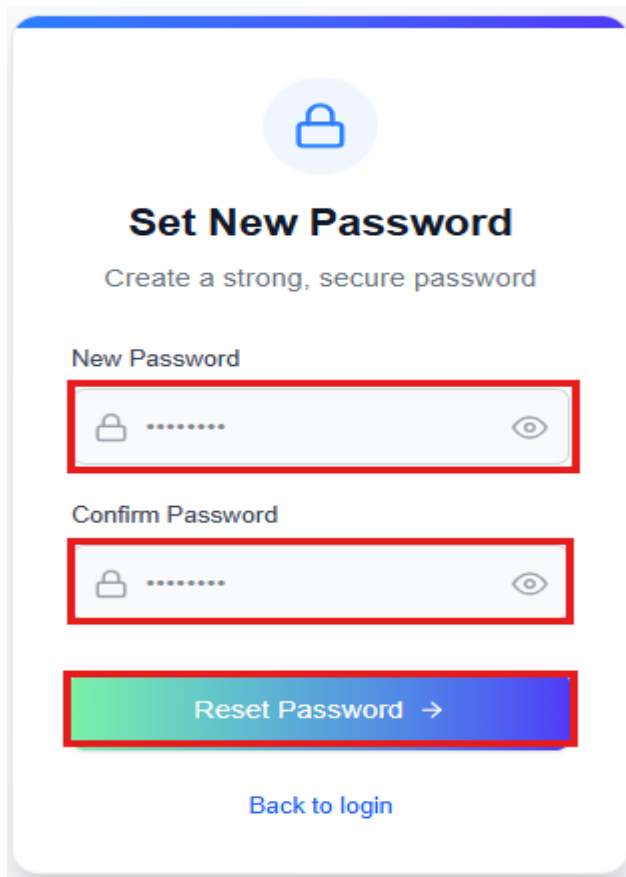

Enter your email address and we'll send you a link to reset your password.

 Email Address

you@example.com

23. A link will be sent to you email to be used to reset your password (If cannot be found in your inbox, look in you spams)
24. Click the link
25. Enter your new password and confirm your password (exactly as your new password) and click Reset Password.

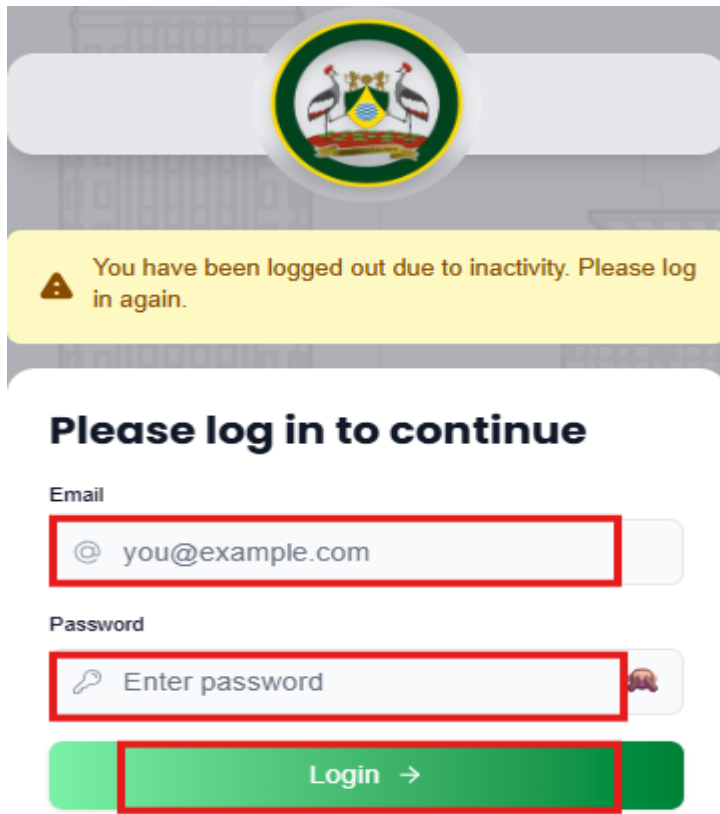

The image shows a mobile app interface for setting a new password. At the top, there is a blue padlock icon inside a light blue circle. Below this is the title "Set New Password" in bold black text, followed by the subtitle "Create a strong, secure password" in a smaller, lighter blue font. The form consists of two input fields: "New Password" and "Confirm Password". Each field has a red rectangular border, a lock icon on the left, a series of dots for the password, and an eye icon on the right to toggle visibility. Below the input fields is a green button with a blue gradient and the text "Reset Password →". At the bottom, there is a blue link that says "Back to login".

You will be redirected to the login page, enter your credentials (new password) and click login.

3.5 Session Security

Users are logged out after 15 minutes of inactivity; re-authenticate by entering credentials.

- 9) Reenter your login credentials (Email, password).

 You have been logged out due to inactivity. Please log in again.

Please log in to continue

 Enter password 

Login →

10) Click login

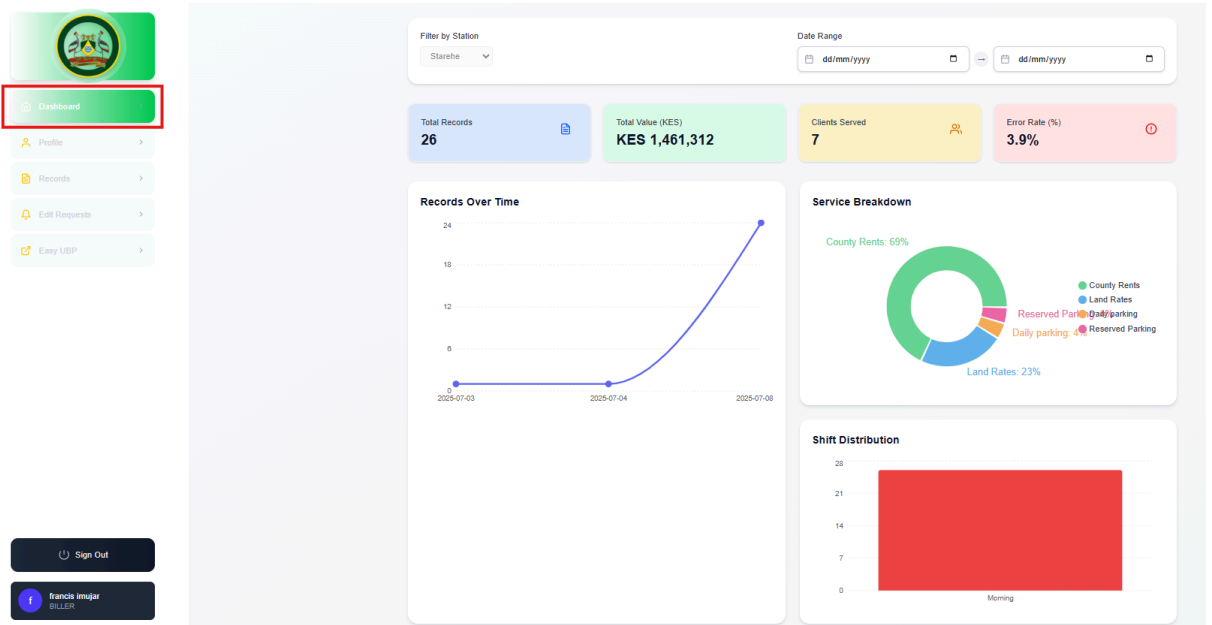

Note: Manual logout recommended when leaving station

4. General Features

4.1 Dashboard

Contains analyzed information on the overall billers records.

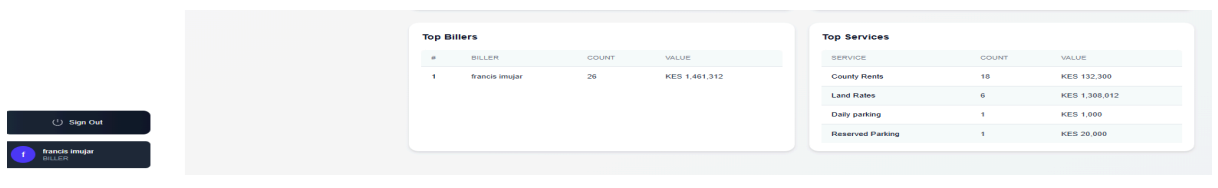

Click **Dashboard** at the side bar or the Logo

16) Records analysis can be filtered by date

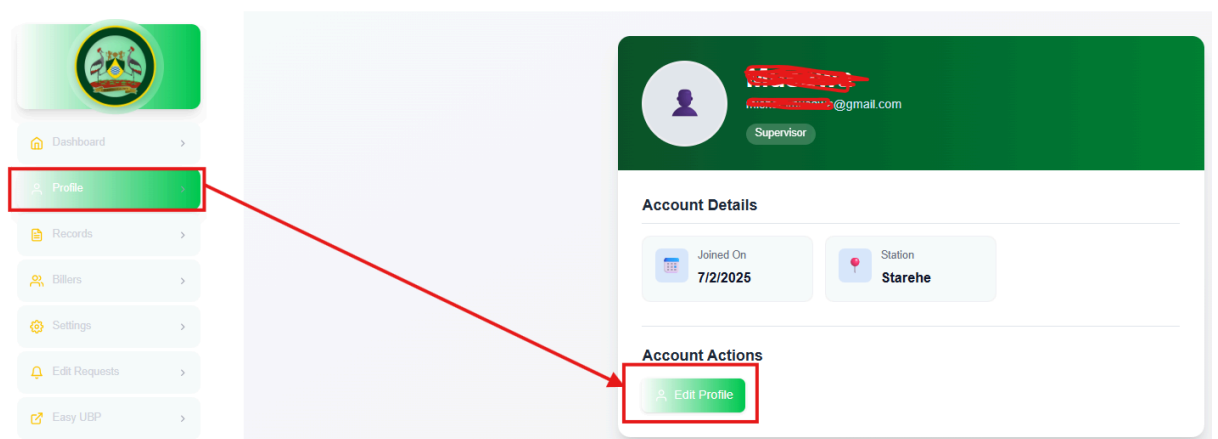

17) Side bar contains your navigations (the navigation links depend with the user role)

18) Logout: Click on the Logout button

4.2 Profile Management

17. Click your avatar at bottom-left or click on Profile at the sidebar.

18. To update your profile, click on Edit Profile under Account Actions.

The image shows a modal window titled "Edit Profile" with a close button (X) in the top right corner. Below the title is the subtitle "Update your account information". The form contains several fields, each highlighted with a red rectangular border:

- Avatar:** A circular placeholder with a minus sign and the text "Choose File No file chosen".
- Full Name:** A text input field containing "John Doe".
- New Password:** A text input field containing "Leave blank to keep current" and a toggle icon (an eye) on the right.
- Confirm Password:** A text input field containing "Re-enter new password" and a toggle icon (an eye) on the right.

At the bottom of the modal, there are two buttons: a light gray "Cancel" button and a green "Update Profile →" button.

19. Update the information as needed (choose an image for your Avatar, edit your full name, reset your password - enter new password and confirm password or leave those fields blank to keep your current password).
20. Click Update Profile to save changes, click cancel to return to your profile page without saving changes.

4.3 Records Management

17. Click Records on the side bar; you will navigate to the records page.

9. Click on **Easy UBP** on the sidebar

10. You will be redirected to the EasyUbp website

5.Admin Operations

8.1 View Directors

2. Click on **Directors** on the side bar

8.2 Toggle between Active and Archived directors

6. Click on the bin icon to view the archived directors, click again to view the active directors.

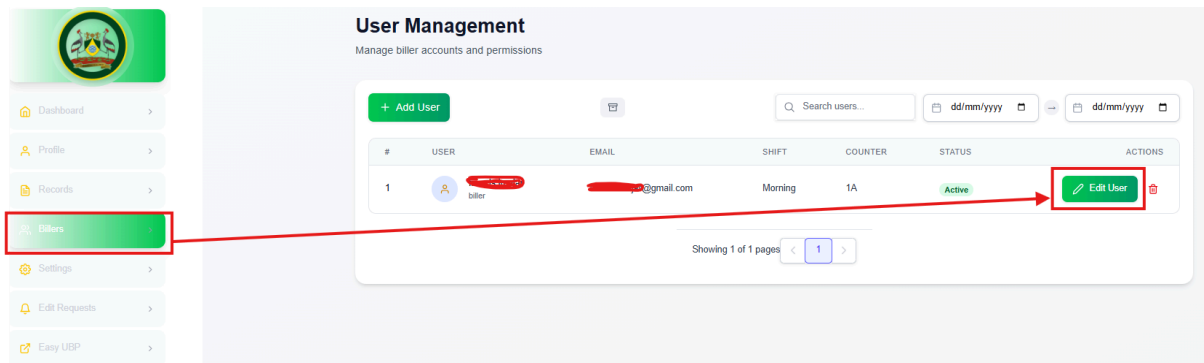

8.3 Create Directors

- 16) Click on **Directors** -> **Add Users**
- 17) Fill in the details (Full Name, Email Address)
- 18) Click on **Create User** to submit and create the biller

The screenshot shows the 'Add New User' form. It has a title '+ Add New User' and a close button 'X'. The form contains four input fields: 'Full Name' with the value 'John Doe', 'Email Address' with the value 'user@example.com', 'Shift' with a dropdown menu showing 'Select shift', and 'Counter' with a dropdown menu showing 'Select counter'. At the bottom of the form are two buttons: 'Cancel' and 'Create User →'.

8.4 Edit Director account

16) Click on **Directors** -> **Edit User** on the specific Director

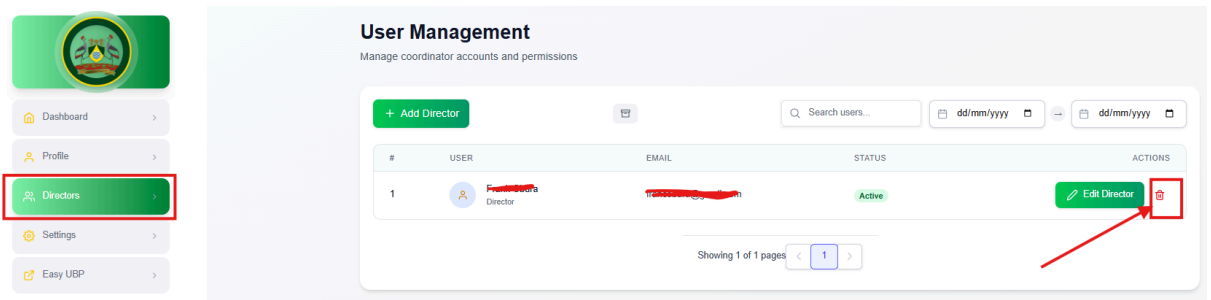

17) Edit the necessary fields (Full name, Email, shift) from the form modal.

18) Click **Update User** to effect the changes.

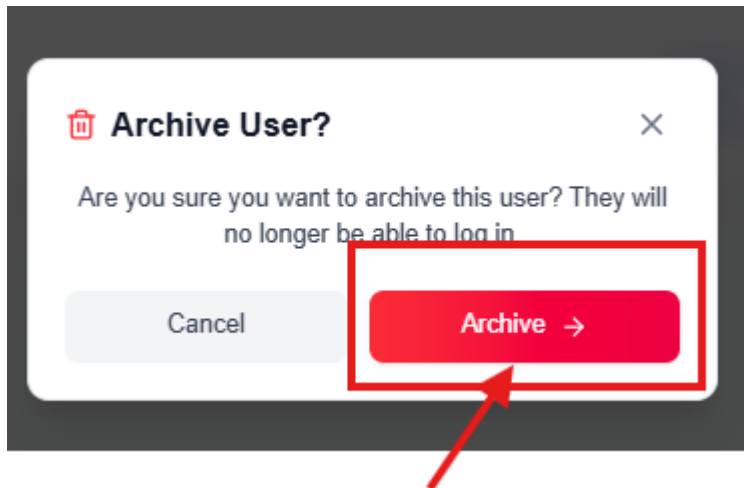

The 'Edit User' modal form is shown. It has a title bar with a pencil icon and a close button. The form contains the following fields: 'Full Name' (text input), 'Email Address' (text input), 'Shift' (dropdown menu with 'Morning' selected), and 'Counter' (dropdown menu with '1A' selected). At the bottom, there are two buttons: 'Cancel' and 'Update User ->'. The 'Update User ->' button is highlighted with a red box.

8.5 Archive directors

9. Click on the delete icon

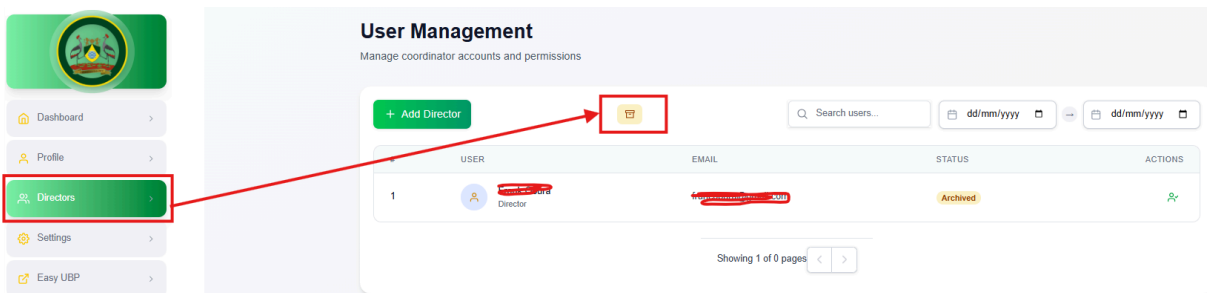

10. Click on **Archive** to archive to user

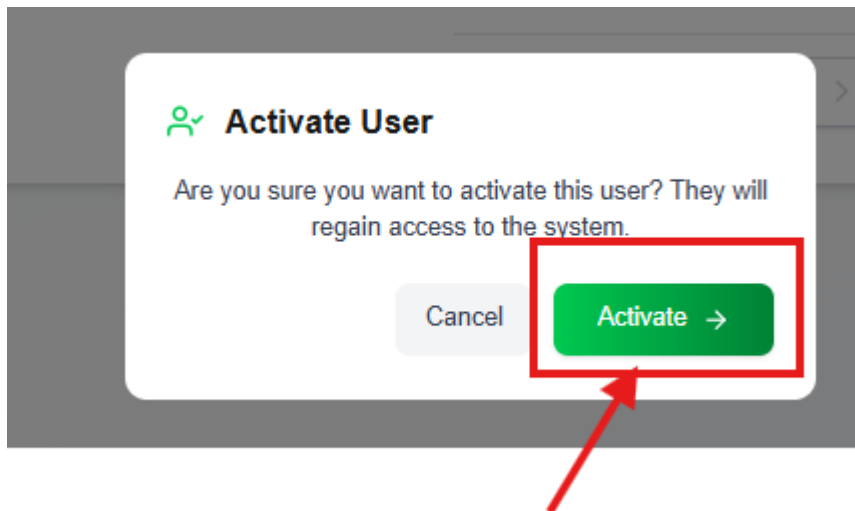

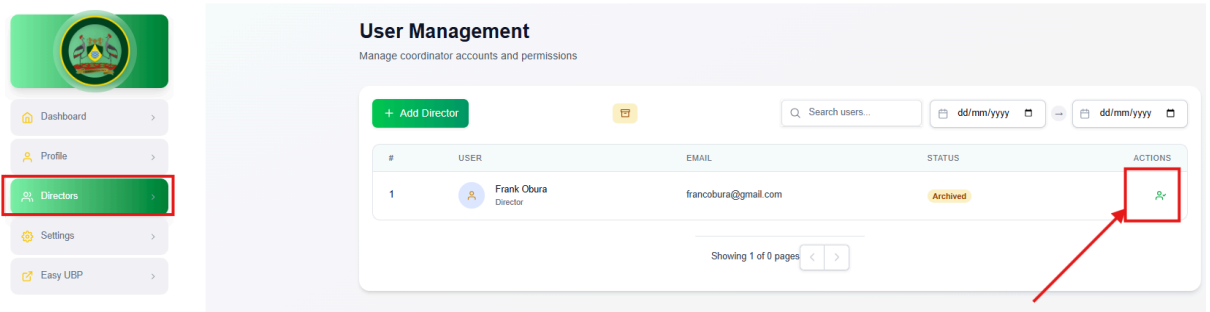

8.6 Activate directors

4. Click on the bin icon to view the archive users

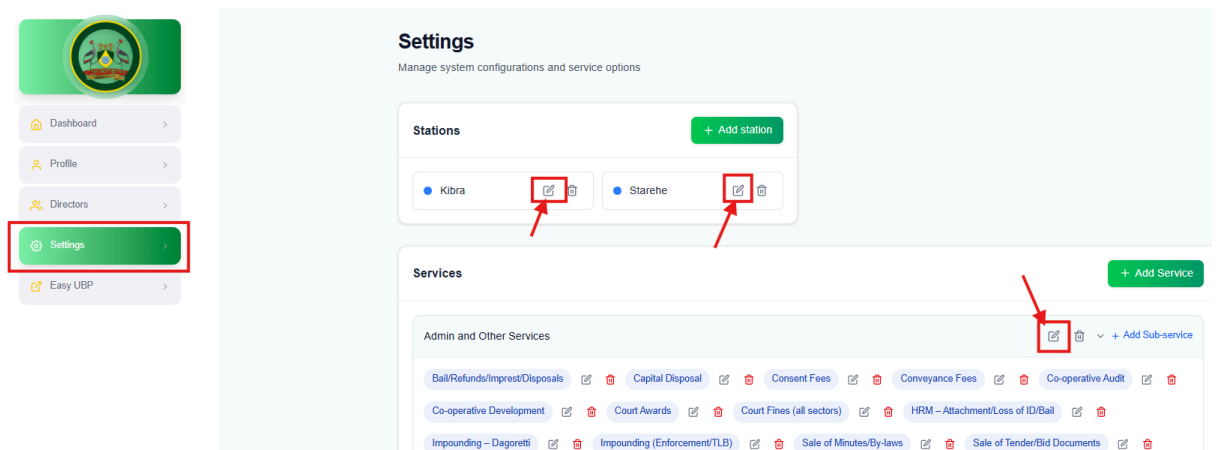

5. Click on activate user icon.

6. On the confirmation modal, click **Activate**

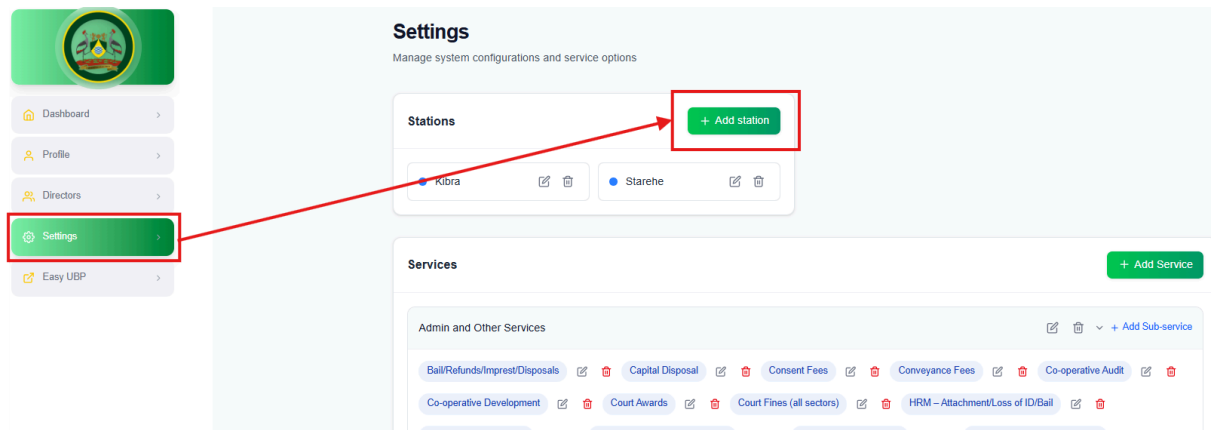

8.7 View, create, update & delete stations

4. Click on **Settings**

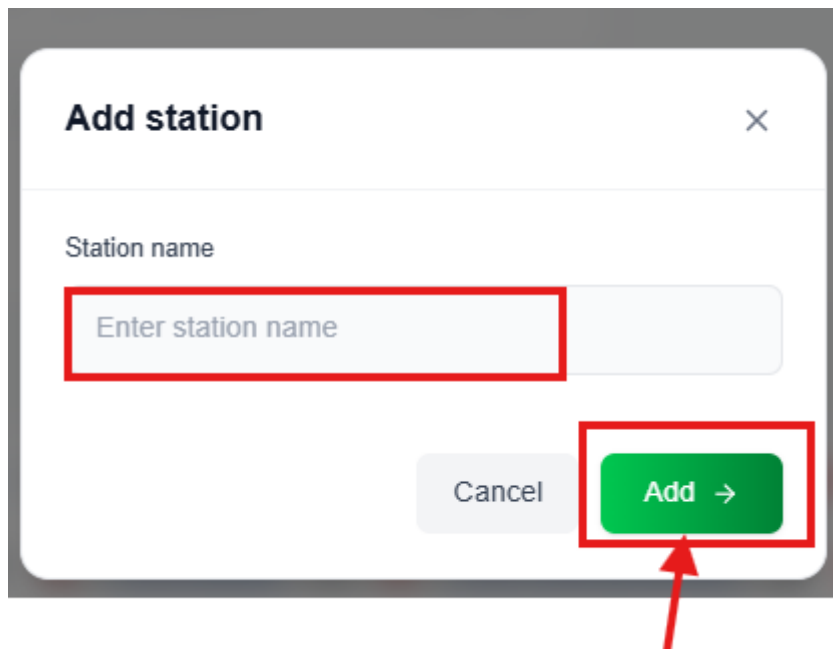

Add Station

5. Click on **Add station** on the Station Card

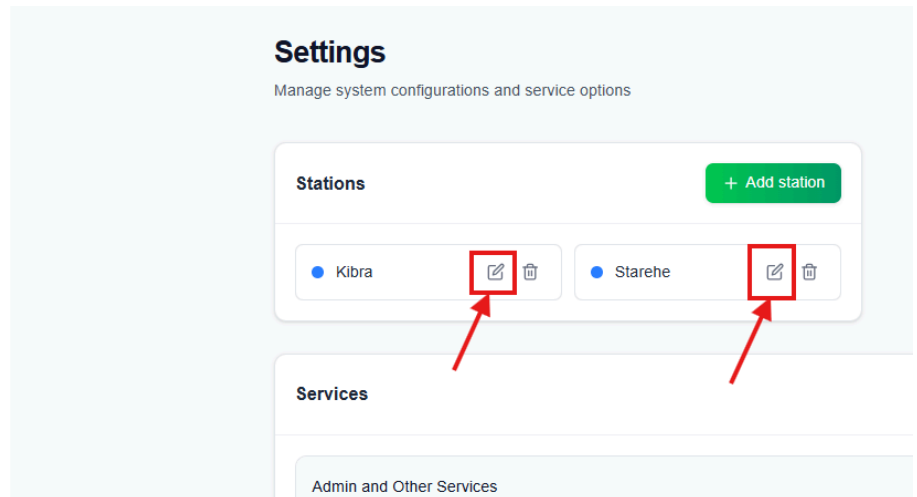

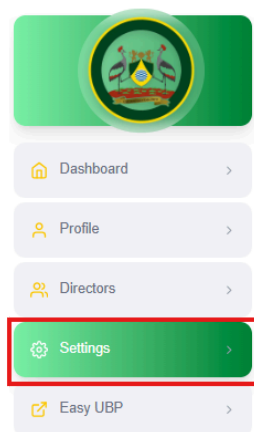

6. Enter Station name and click **Add**

Edit Stations

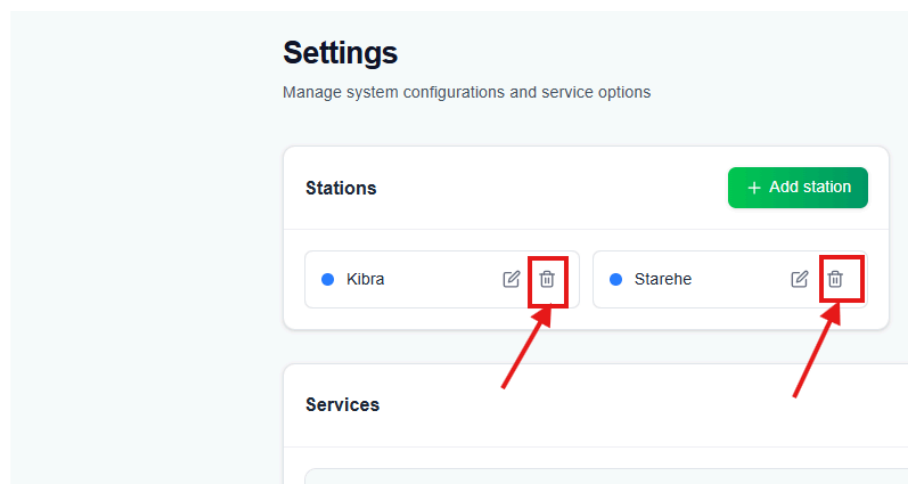

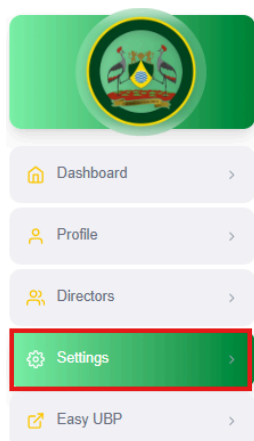

4. Click on the edit icon on a specific station
5. Update the Station name

6. Click on **Save Changes** to update

Delete Stations

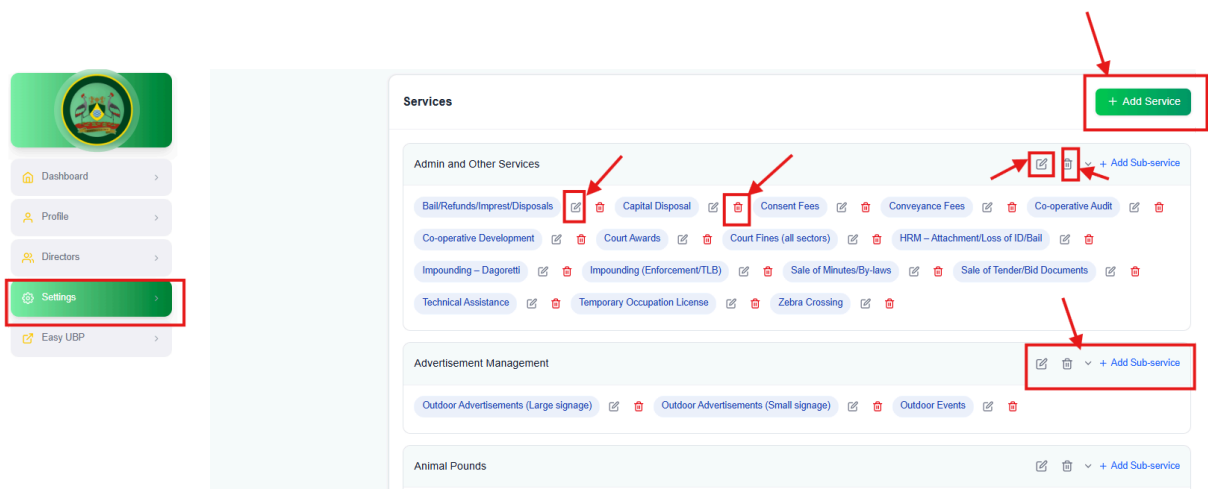

3. Click on delete icon on a specific station

4. On the confirmation modal, click **Delete** to delete the specific Station (Only unused Station will allowed to be deleted)

8.8 View, create, update & delete services and subservices

5. Click on **Settings**

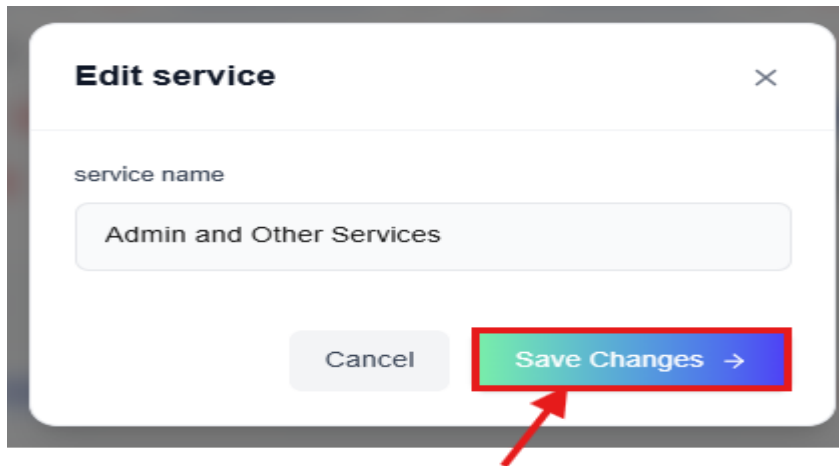

Add service and subservice

2. Click on **Add service**
6. Enter the name of Service and Subservice
7. Click **Add another subservice** to add more subservices to a service

8. Click **Add** to save the changes

Edit services and subservices

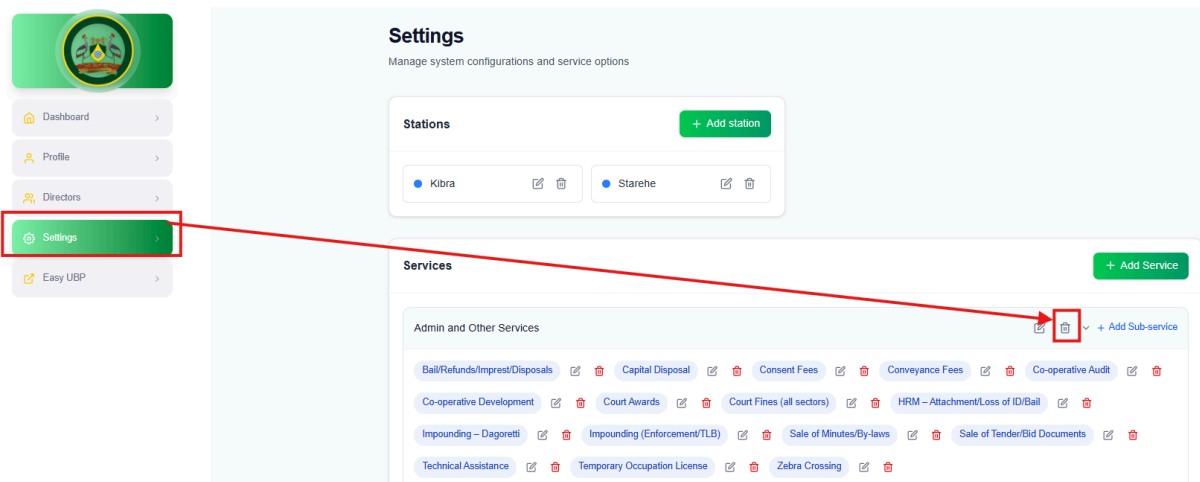

3. Click on the edit icon on either a service to edit the service or on a subservice to edit the subservice.

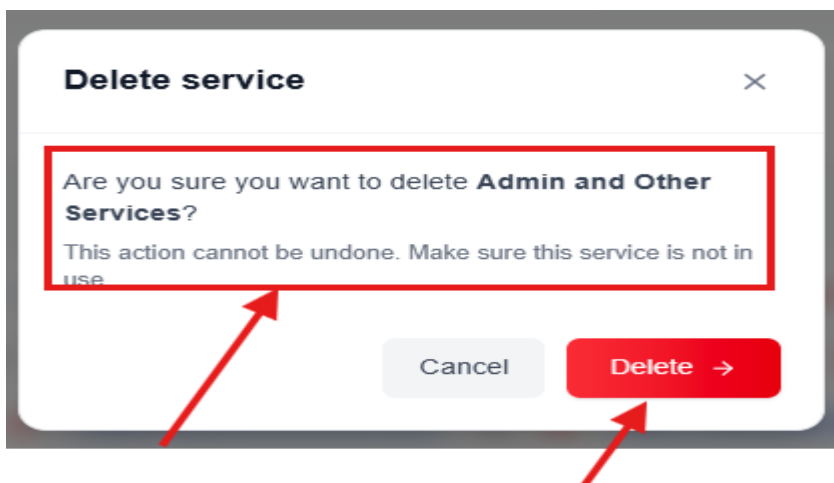

4. Update the name and click **Save**

Delete Services and SubService

3. Click on the delete icon on a specific service or subservice
4. On the confirmation modal click Delete to effect

N/B: This action can not be reversed.

9. Data Governance

Administrators maintain system integrity through comprehensive data oversight capabilities:

- **Records retention policies**

13. Monthly system review of eligible records
14. Secure encryption before archival
15. Read-only access to archived records

10. Troubleshooting & FAQs
